

**Risk Assessing and Preparing your work space for the New Normal - retail, offices and other places of work are reopening and Gallagher Bassett are ready to provide the necessary expertise and resources to support you.**

Staff, clients and customers will and are starting to return. The New Normal means that things will never be the same again in terms of social distancing and giving people confidence and removing some natural anxieties.

Utilising our in-house highly skilled, multi-trade Property Solutions business (PCS) we are able to assist clients – no matter their size or issues – making the workspace COVID-19 compliant.

Employers will have to ensure that they have taken all reasonable steps to protect their staff and customers in the new COVID world, Gallagher Bassett are here to assist you in adapting your business through these changes.

Whether you are a large corporate, a public body, an SME, a shop, an office or another place of work changes will have to be made to ensure social distancing and all reasonable precautions have been undertaken – and quickly.

Gallagher Bassett have been at the forefront of delivering solutions to our clients and their customers throughout the lockdown period and we continue to lead with the provision of return to work services.

### Services include

- Deep clean and certification of areas.
- Gas, electrical and plumbing tests following long un-occupancy.
- Sign posting and route marking to ensure effective and safe movement in the work place.
- Hand sanitisation stations fitted and supplied.
- Non touch locks and switches.
- Installation of Auto Flushing systems for bathrooms.
- Partitioning – Work stations, reception areas, storage, shop fitting etc.
- Environmentally friendly waste collection and disposal.
- Structural repairs that are required following lockdown.
- General building repairs.

With our Risk Consulting division we provide a complete pre- return to work assessment enabling you to have all the facts of what works are required and the risks involved in these new and challenging times.

Our Risk Consulting and Property Solutions teams will work alongside you and your own HSE executives to provide the best solutions
