

# MEDISYS ON-DEMAND

YOUR YEAR ROUND, ON-DEMAND EMPLOYEE HEALTHCARE SOLUTION

## Have a health question or concern?

Medisys On-demand is designed to address the healthcare needs of your employees by secure text and video chat - 24 hours a day, 365 days a year.

Medisys On-demand is a comprehensive healthcare solution tailored to meet your employees needs - 24 hours a day, 365 days a year, from anywhere in the world. With this service, your employees and their family members have virtual access via text and video chat to nurse practitioners and physicians to answer any health questions or concerns they may have.

Medisys On-demand delivers professional, virtual medical support wherever you are, at home, at work, or abroad. Employees can take advantage of this service from anywhere in the world while they are on vacation or business travel.

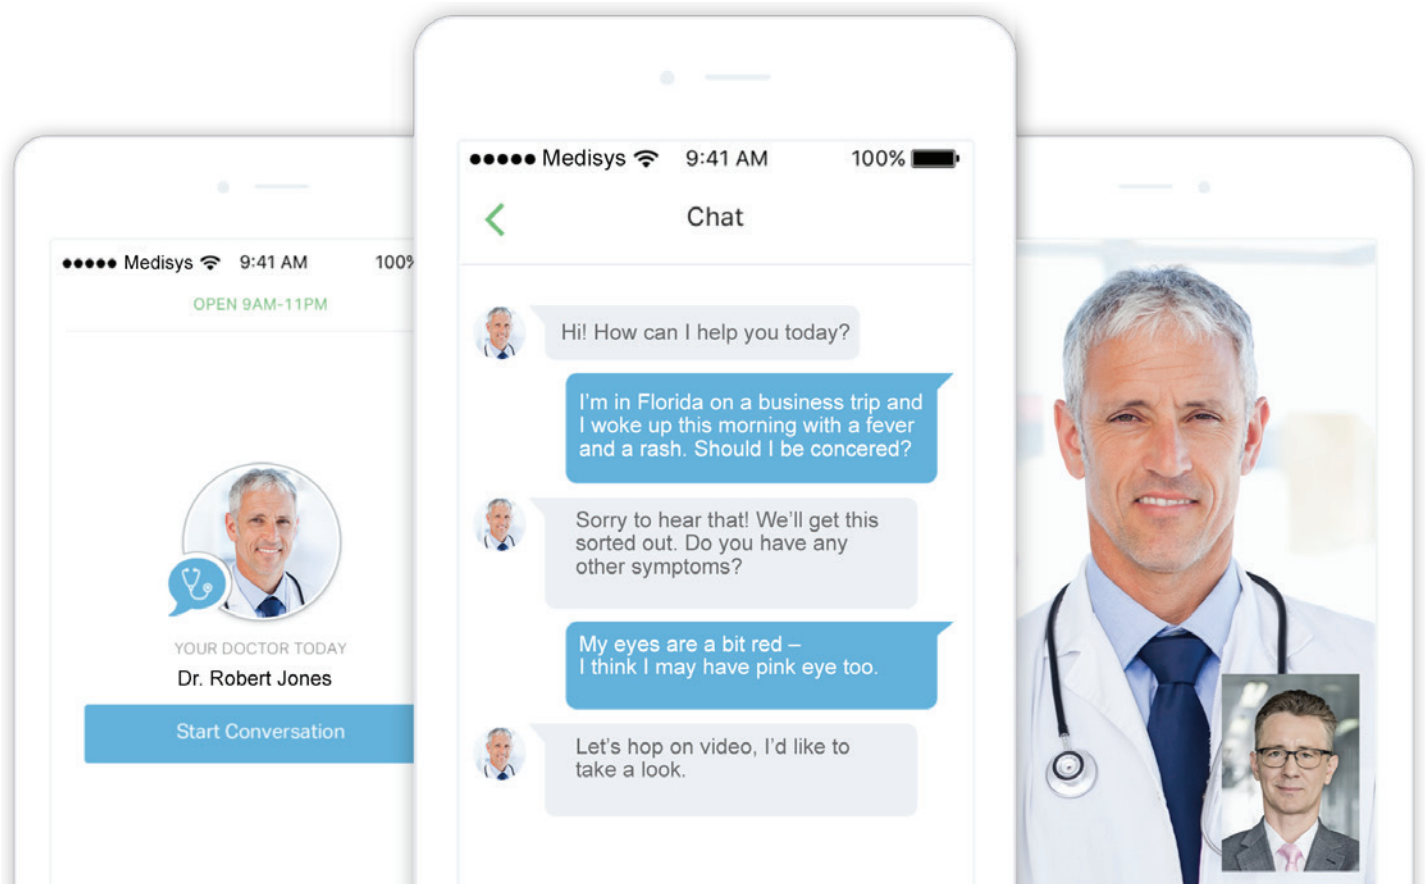

Through Medisys On-demand, your employees and their family members will be connected to a Canadian healthcare practitioner within minutes. They will benefit from convenient and secure medical advice, potentially saving a trip to a walk-in clinic or family doctor.

Medisys On-demand services include: prescription renewals, specialist referrals, lab requisitions and virtual consultations related to non emergency health concerns, such as; cold and flu, sinus/allergies, infections, digestive disorders and more.

# HOW IT WORKS

## Medisys On-demand: Healthcare at your fingertips

With Medisys On-demand, 24/7 virtual health consultations and episodic care services are available for all employees and their family members, keeping your employees healthy, happy, and productive.

### The Medisys On-demand service includes:

- 24/7 text and video chat support from a team of healthcare practitioners
- Virtual prescription renewals, specialist referrals, and lab requisitions
- Complete and instant access to health records for consults over the app
- On-demand virtual healthcare for individuals and their family members
