1 Overview

This document describes the Updates included in the April 2021 release. This release might impact your current use of the following products, requiring action to be taken by you:

- Time Bank Online (Config Version: 4.4.20160.1721)

Please forward the information below to your IT group to determine if action is needed.

2 What is changing in Timebank Online?

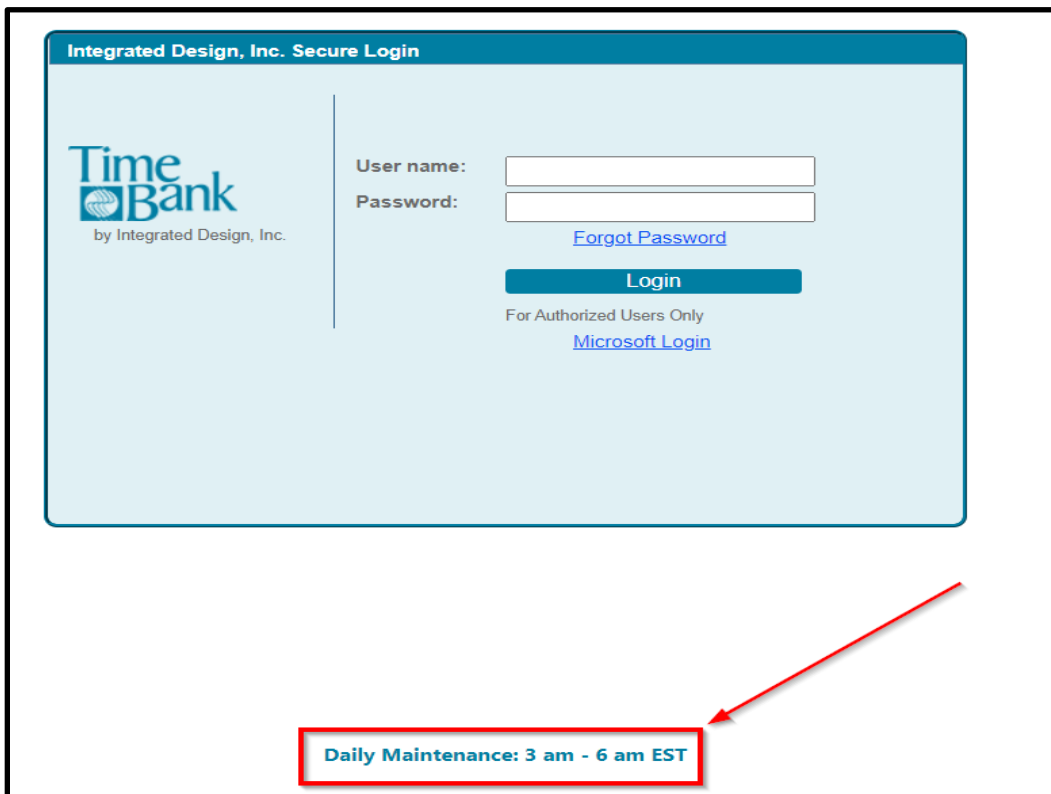

2a. IDISP Security Portal Link added to the User Tab:

There is now a link in the menu section under the user tab in Time bank Online, which will take a user to the IDISP login portal.

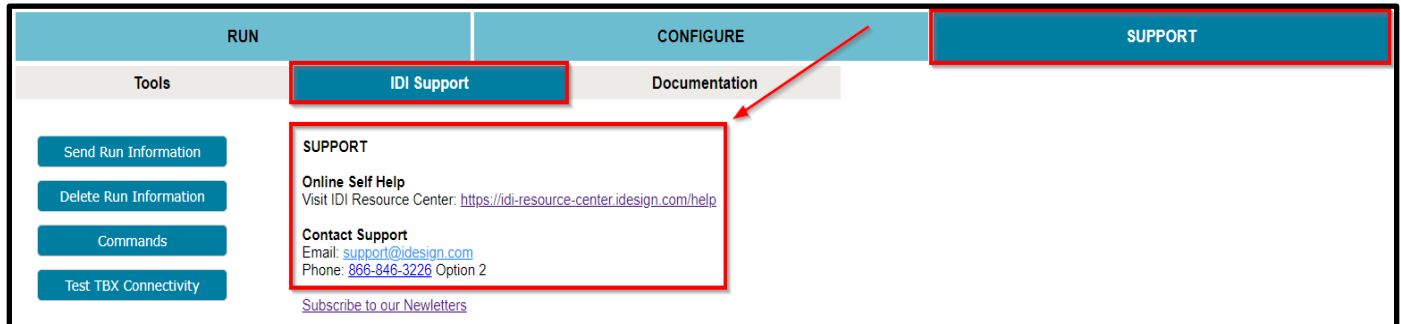

2b. Login Window – Includes Maintenance time window:

This is a new feature that has been added to both the Security Portal and Main login screens, users and clients can now see the IDI maintenance time message at the bottom of the login screens.

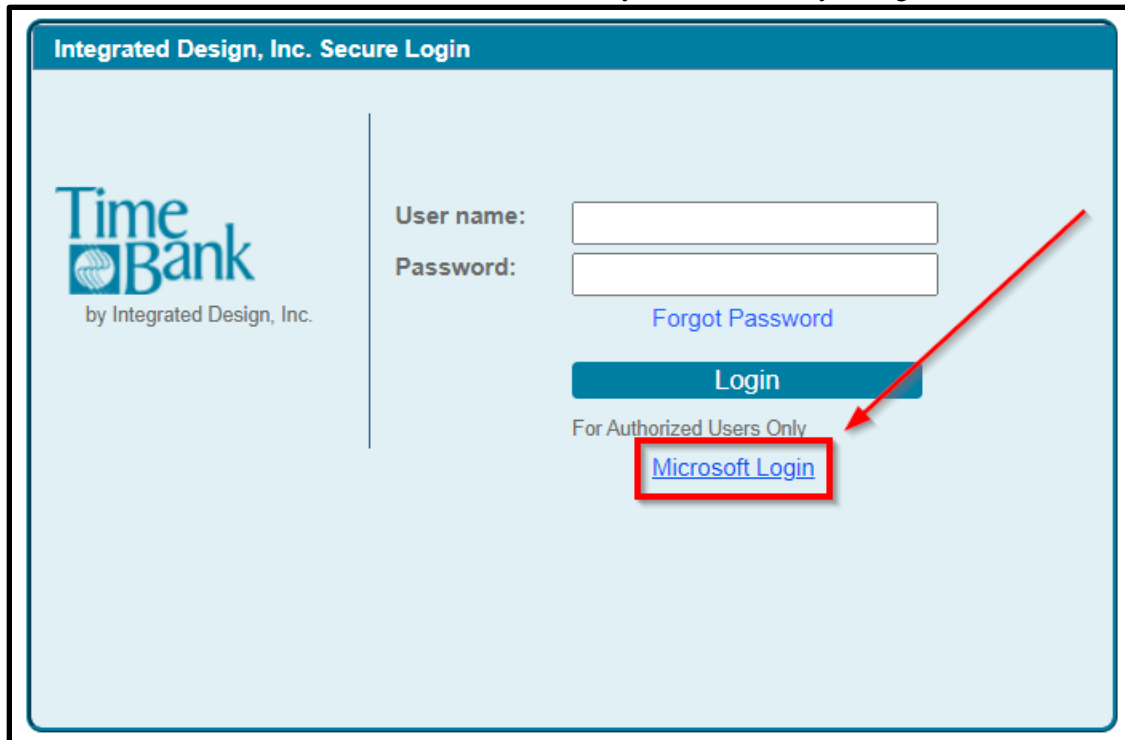

2c. Removed the email support button from the IDI support Tab:

Under the Support -> IDI Support tab the email support button has been removed and, in its place, links to both IDI resource center as well as to contact support have been added in the white menu section under Support tab.

2d. SSO (Single Sign on) Login available:

This is a new feature that has been added to TBO, users with a Microsoft account will now have the ability to sign into Time bank using SSO, (Single Sign On) after signing once using their Microsoft credentials a user will have the ability to automatically be signed into TBO.

2e. TBxfer/TBLA – capture version client is running:

Process and version numbers have been added to each of the run logs. For TB Online (running report from the browser) – the TBxfer version will appear after each read or write.

2f. Trailing Space removed from Temporary password:

When a user would reset their password and receive a temporary password from IDI support, there was some who reported that the temporary password had a trailing at the end of the password that was not part of the password. This trailing space has been removed.

2g. Adding Chromium Edge to list of Supported Browsers:

Chromium Edge will be replacing Microsoft edge and will be listed as a Supported Browser for TBO.

2h. Added Link to HubSpot Newsletter under the IDI Support Tab:

This is a new feature that has been added to TBO, Under the Support -> IDI Support tab there is now a link for Time bank clients to subscribe to our Newsletters in HubSpot, this link is located next to the buttons and is under the online self-help and contact support links on this page.
