Learn why remanufactured solutions from Separators, Inc. are a top-quality choice.

Equipment

Separators, Inc.'s fully remanufactured high-speed disc and decanter centrifuges are a cost-effective, top-quality choice for your business.

We offer a variety of brands such as Alfa Laval, Tetra Pak and Westfalia to provide the right equipment for your application. If the specific machine you need is not in stock, we can easily find it for you. We can also package automation services with your purchase of remanufactured equipment to ensure optimal operation.

On average, Separators, Inc. customers save more than 30 percent on our remanufactured centrifuges. Cost is all we have cut, as our fully warranted remanufacturing process is done to OEM specifications.

Remanufactured solutions from Separators, Inc. deliver great value – centrifuge equipment remanufactured to the highest standards, available when you need it.

Centrifuges

For more than 25 years, Separators, Inc. has specialized in Alfa Laval, Tetra Pak and Westfalia disc centrifuges. To better serve our customers, we have recently expanded our offerings to include small and intermediate decanters.

We Buy Used Equipment

Separators, Inc. sources only the best used equipment for both our standard inventory and specific customer needs. If you are replacing a disc or decanter centrifuge in good condition, ask one of our sales representatives about trades or consigned equipment agreements.

Automation

Our automation components and support optimize the operation of centrifuge equipment. We will update automation of your existing equipment or include automation packages with remanufactured equipment purchases. Plus, our experienced controls manager can provide on-site service, training and troubleshooting to optimize control of all centrifuge functions.

Remanufacturing

There is a world of difference between “reconditioned” centrifuges and Separators, Inc.’s remanufactured solutions. Before our customers receive a finished product, our shop adds more than 25 steps to our fully warranted remanufacturing process. Plus, we can add years of productivity by remanufacturing customers’ existing equipment.

Make a cost-effective, top-quality choice for your business and ask about remanufactured solutions from Separators, Inc. today.
