Business-shaped technology
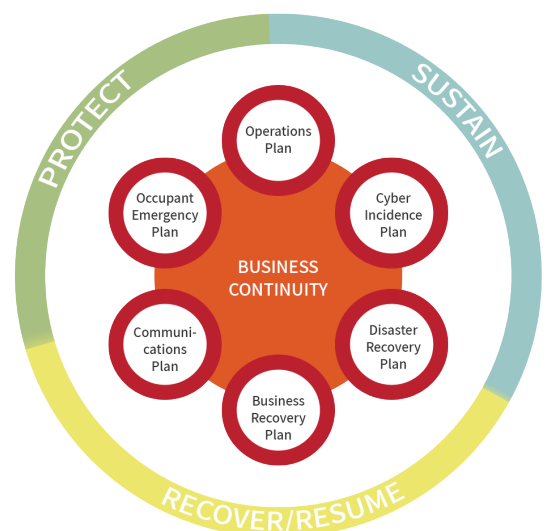

# Back-up and Disaster Recovery Experts

Data is essential to your business and therefore, Silverbug will ensure your data is secure, protected and available at all times.

As part of our consultancy service, we can advise on how to better ensure that your business operations recover to full capacity should the worst ever happen to your business.

- Consultancy service
- Cloud-Based data storage solutions
- Data back-up
- Disaster recovery
- Business continuity
- Cost effective

No matter how small or large your business or budget, Silverbug experts will take this headache away and give you peace of mind.

"If your business lost it's data, what would you do? Silverbug has the answer."
