

MySilverbug Portal

MySilverbug is your window into Silverbug. Access to MySilverbug comes as your part of our Enhanced, Enhanced + and Silverbug Modern Workplace packages. It is designed to give you access to everything Silverbug, all from a single portal.

Report IT Problems directly with Silverbug

Log common requests (e.g starters and leavers)

Collaborate with your engineer in real time

Train your colleagues using guides within MySilverbug University

Access knowledge base articles with useful information

Real-time dashboard, monitoring your ticket status

Additional Benefits for IT Administration

MySilverbug allows your business to manage all contracts, invoices and quotes and sign them off in real-time!
