

Score At The Top Learning Centers & Schools have been family owned and operated since 1980 by Judi Robinovitz, Certified Educational Planner. The company has grown to more than 100 professional tutors and teachers serving families in five locations throughout Palm Beach and Broward Counties – with more to follow. Serving the equestrian community since 2001, our Wellington school and learning center provide a full range of academic support services, college planning, and SAT/ACT prep. From around the nation – whether as far away as Colorado, Indiana, Ohio, and Wisconsin, or closer by along the East Coast – our WEF families return to us year after year to help their children succeed.

All Score At The Top locations are accredited by the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS CASI) and Advanc-Ed. Accreditation reflects our commitment to the delivery of top quality services and continuous improvement.

Academics for Equestrians

Wellington Equestrian Festival

Just seven minutes from the WEF show grounds on South Shore Boulevard, Score Academy (the school division of Score At The Top Learning Center) offers a convenient, comprehensive educational experience for the serious student equestrian and family.

Score Academy provides:

- Accredited schooling
- Master teachers
- Flexible scheduling
- Shared grade reporting & conferencing with sending school
- Virtual learning

Accredited by SACS CASI and Advanc-Ed, Score At The Top works hand-in-hand with hometown (sending) schools across the country to meet and exceed academic expectations for their students who participate in Wellington's Winter Equestrian Festival. In a classroom of two – the student rider and the teacher – we provide the best possible academic support. Simply put, a rider won't miss an academic beat during WEF season!

Scheduling Flexibility

Scheduling is maximally flexible. Whether training in the mornings or afternoons, students will find a welcoming environment to meet their academic needs – for as little as one week or for the entire WEF season. From language arts to AP Calculus, our teachers are available seven days a week. We pride ourselves on frequent communication with a student's sending school and parents. A daily session recap and evaluation is sent via email to parents by each teacher with whom a rider meets.

No matter the requirements and schedule, Score Academy will work with you. For more than ten years we have provided the equestrian community with premier academic support.

Curriculum Flexibility

Our flexibility extends to curricular choices. We typically follow the sending school's curriculum, class by class, but we can use our own curriculum – depending on the student's needs. We can email or fax a student's work for grading back to the sending school teachers – or our teachers can grade a student's work. Some schools ask us to take full responsibility for generating an official transcript that reflects a student's academic work with us.

SAT, ACT, SSAT?

We've got that covered, too. WEF students can incorporate our renowned test prep into their academic schedules. And, because we're a Flex Test Center for the SSAT, we can also prepare students for, and administer the SSAT on virtually any day of the week.

Continuation

When students return home, they can continue to get academic support from us via Skype – and even prepare with our help for standardized tests like the SAT. Several of our students have enjoyed working with us so much that they are now a part of our flexible full-time private school program (taking classes via Skype when they're back home and meeting in person when they're in Wellington) that leads to a high school diploma from Score Academy.
