DIPLOMA IN MOBILE APP & GAME DEVELOPMENT

PASSION TO PROFESSION

COURSE DESCRIPTION

ADMI's interdisciplinary Mobile App & Game Development Diploma programme teaches students how to approach problems as a developer, designer, and entrepreneur.

Through this course, students will learn how to code as full-stack developers using various programming languages, including Java, HTML/CSS, Javascript, Python, and C#. Students will graduate with a portfolio of human-centered web, mobile apps and games designed for the global market.

EARN A CREDENTIAL RECOGNIZED BY EMPLOYERS WORLDWIDE

ADMI students gain a competitive edge over their peers by earning Adobe Certified Associate (ACA) certifications in:

- **Visual Communications using Adobe Photoshop®**
- **Graphic Design & Illustration using Adobe Illustrator®**
- **Rich Media Communications using Adobe Animate®**
- **Video Communications using Adobe Premiere®Pro**
- **Web Communications using Adobe Dreamweaver ®**

ADMI instructors prepare students to successfully pass these exams through a curriculum that leverages Adobe Education learning resources, practice tests, and real-world applications.

To learn more about the certification exam visit:
www.Adobe.com/education/resources/certificate-programs.edu.html.

UNITS:

- Fundamentals of Computer Science (Java), Engineering Toolkit (Python, GitHub), Game Dev (Unity C#)

- Human-Centered Design, UI/UX, 3D Modelling, Character & Environment Design

- Entrepreneurship, Lean Startup, Digital Marketing

COURSE DURATION: 5 Terms

CREDITS: Average of 7 units per term with 24 contact hours each

LEARNING OUTCOMES

Upon successful completion of the programme, graduates will be able to:

- Code as full-stack developers using various frameworks, APIs and programming languages

- Use human-centered design principles to develop web, mobile and game applications for the global market

- Prepare for rigorous tech interviews for leading companies like Uber, Facebook, and Safaricom.
