TheraPure™ 6302G & 6302GADH Supine Tubs

Featuring SANIJET®
Pipeless™ technology

The 6302G and 6302GADH supine tubs allow for maximum comfort and safety for the resident and caregiver. Its full immersion size and pipeless hydromassage system provide a pure, relaxing and enjoyable bathing experience for more dependent residents. Simple to use controls are easily accessible.

TheraPure™ 6302G & 6302GADH Supine Tubs

Adjustable Height

Reduces strain on caregiver by raising or lowering tub at the touch of a button (ADH model).

Pipeless™ Purity

Without pipes, pumps or air channels that can provide a breeding ground for bacteria, **four jets allow caregivers to quickly remove up to 99.9%* of bacteria after each bath.**

Integrated Control Console

Provides the operator with easy access to the auto-fill/ auto shut-off and anti-scald mixing valve, thermometer and whirlpool jet controls.

Innovation at hand

The shower wand features an integrated flow control lever to deliver the desired water pressure, while the spray setting can be adjusted by rotating the showerhead.

Specifications

- Outside length: 94"
- Outside width: 38"
- Inside length: 69"
- Inside width at shoulders: 30"
- Inside width at feet: 22"
- Rim height (fixed height model): 32"
- Rim height (ADH model): 27-41"
- Fill rate: 17 GPM

Features

- All wetted components are easily accessible for quick and thorough disinfection
- Pipeless technology conserves water, chemicals and time
- Longer, wider and deeper to provide full immersion bathing
- Ample space provided in hip and shoulder areas to make resident turning and handling easier. Narrower side walls allow the caregiver to be closer to the resident in the tub
- Adjustable height model (ADH) can be raised to a comfortable working position for the caregiver and reduce back strain due to bending
- Fast-fill mixing anti-scald valve dispenses 17 gallons per minute
- Adjustable stainless steel legs make leveling easy and simplify installation
