Article Galaxy Gadget Store Personalizing Scientific Research

Powered by Reprints Desk's award-winning **Article Galaxy** research platform, the Gadget Store offers personalized access to a vast library of **easy-to-use science apps**, or Gadgets, that allow researchers to enhance and visualize data for their research right in their workflow, cutting research time by more than 50 percent.

Features Include:

- ② **Easy Article Access 24/7** - purchase or rent any journal article.
- ② **Literature Tools** - manage your personal and group bibliographies.
- ② **Open Access** - discover and filter for Open Access articles.
- ② **Research Gadgets** - add to your dashboard for custom data insights.

What is a Gadget?

Gadgets are simple yet powerful applications—designed for research and scientific experimentation. Similar to common consumer apps, Gadgets are task-specific and easy-to-use, and run on your desktop or mobile web browser.

The Article Galaxy Platform

Discover how Article Galaxy—Reprints Desk's award-winning platform for research intelligence and on-demand access to scientific, technical & medical (STM) journal content—is continuously setting new standards for performance and customer satisfaction.
