NEW

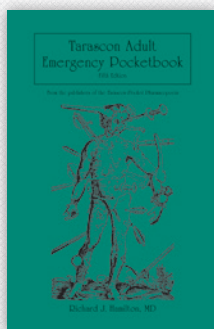

Tarascon Pain Pocketbook

Sergey M. Motov, MD FAAEM

ISBN: 978-1-284-15761-1 • \$21.95* • Paperback • © 2019

The **Tarascon Pain Pocketbook** is a must-have resource for physicians and medical professionals responsible for prescribing and administering pain medications, including emergency medical doctors, emergency nurses, family doctors, nurse practitioners, and perioperative nurses. Following the CERTA concept (Channels, Enzymes, Receptor Targeted Action) this pocketbook will help prescribers find that right balance of therapies and medications in the hope of reducing opiate use and promoting patient-specific, pain syndrome targeted analgesia. This targeted, patient-focused analgesic approach allows for a broader utilization of combinations of non-opioid analgesics and more refined and judicious use of opioids. The new **Tarascon Pain Pocketbook** is an invaluable resource for the hundreds of thousands of prescribers who manage patients' pain.
