Tarascon Pain Pocketbook

Sergey M. Motov, MD, FAAEM

ISBN: 978-1-284-15761-1 | \$21.95* | Paperback | © 2019

The **Tarascon Pain Pocketbook** is a must-have resource for physicians and medical professionals responsible for prescribing and administering pain medications, including emergency medical doctors, emergency nurses, family doctors, physician assistants, nurse practitioners, and perioperative nurses. Following the CERTA concept (Channels, Enzymes, Receptor Targeted Action) this pocketbook helps prescribers find the right balance of therapies and medications while working to reduce opiate use and promoting patient-specific, pain syndrome targeted analgesia. This targeted, patient-focused analgesic approach allows for a broader utilization of combinations of non-opioid analgesics and more refined and judicious use of opioids.
