Microsoft Teams

Unleash the power of teamwork

enablingtechnologies
Enabling Secure Productivity in the Cloud

Teamwork is how work gets done. Today, people who work as teams are more likely to be high performers: working faster, iterating quicker, and accomplishing more.

Microsoft Teams is the collaboration tool that enables teamwork at all levels of your organization. Let Enabling's 'Lights, Camera, Adoption' Change Management Program help your teams unlock tools that make it easy to work, share, chat, and **achieve more**.

Introduce Your Teams to Microsoft Teams with an App in a Box

Enabling's App in a Box program takes the guesswork out of exposing staff to Office 365 apps. Our App in a Box program provides a hassle-free tool kit to drive return on investment with an effective and proven change management strategy.

Build Awareness
Through communications that generate a desire to adopt

Develop Knowledge
And skills through a variety of learning opportunities
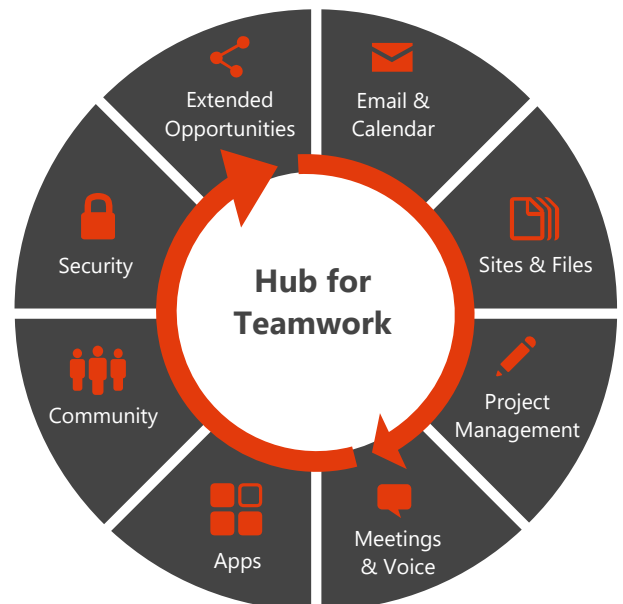

Gauge Satisfaction
Remediate gaps in learning while reinforcing the use of Teams

Why Enabling Technologies?

Enabling Technologies Corp provides a unique perspective in working with clients on Change Management initiatives, having successfully deployed more than 1,400 solutions. Through our many client interactions, Enabling has developed a proven strategy for assisting clients with successfully navigating common pitfalls and achieving maximum return on investment associated with change rollouts. Enabling's award-winning Change Management Program, 'Lights, Camera, Adoption' was selected for Microsoft's 2015 Communications Partner of the Year Award.

Microsoft Teams

✓ **Chat, calls & meetings for today's teams**
Communicate in the moment and keep everyone in the know.

✓ **Integrated Office 365 experience**
Manage all your conversations, files, and tools in one team workspace.

✓ **Customizable and flexible**
Tailor your Teams workspace to include data and apps your teams use every day.

✓ **Enterprise security, compliance & manageability**
Security, compliance, and management features you expect from Office 365.
