

Adoption in a Box

Elite Adoption Offering

Fully customized Change Management strategy to support the people-side of your change, inclusive of a combination of the following offerings:

- Change Management Planning and Discovery Session
- Success Criteria Matrix
- User Communications Plan
- User Communications in Customized Templates
- Electronic Delivery of User Communications
- User Satisfaction Survey(s)
- User Training Plan
- Customized Training Bundle
- Custom Landing Page in Enabling's Learning Portal
- Access to the Learning Portal
- Ongoing Change Management for Post-Migration Support

The most important aspect in realizing return on investment, with any change, is high user adoption. **Enabling's Lights, Camera, Adoption** program offers a variety of packages to support your pending change. Lights, Camera, Adoption has a focused approach that builds awareness while generating desire and develops the skill set necessary for users to not only adopt, but consume the technology.
