Enabling Technologies Corp recognized as winner for 2015 Microsoft Communications Partner of the Year Award

Glen Arm, MD US — June 02, 2015 — Enabling Technologies Corp. today announced it has won the 2015 Microsoft Communications Partner of the Year Award. The company was honored among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

“We are honored to be a Communications WINNER in 2015! This is Enabling’s 3rd time in the winner’s circle and our team of engineers and project managers consistently develop new and innovative ways to drive end user adoption for enabling the digital workplace with Office 365” said Bill Vollerthum, President Enabling Technologies Corp.

Awards were presented in several categories, with winners chosen from a set of more than 2,300 entrants from 108 different countries worldwide. Enabling was recognized for providing outstanding solutions and services in Unified Communications and Collaboration.

Successful Adoption of the UC&C Technologies is the goal of Organizational Change Management or OCM. Make your deployment go "viral" with our Lights, Camera, Adoption program!

Key elements from our Lights, Camera, Adoption Program include:

- Success Criteria Matrix Development
- User Communications Plans
- User Communication Templates
- Training Plans
- End User Training Delivery
- Troubleshooting flowcharts
- User Surveys
- Training Videos
- Promotional Giveaways

All of these elements are already created for your organization. Simply tweak them and watch the adoption go viral!

“This year’s award winners are among the most innovative and valuable our partner ecosystem has to offer. Therefore, it came as no surprise that Enabling Technologies Corp. was named among that group as this year’s WINNER of the 2015 Microsoft Communications Partner of the Year award,” said Phil Sorgen, corporate vice president, Worldwide Partner Group, Microsoft Corp. “We applaud Enabling Technologies Corp. on this achievement and for the outstanding value it continues to provide for our mutual customers.”

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions during the past year. This is Enabling Technologies 3rd time in the Winner's circle for Unified Communications. Enabling won UC partner of the Year in 2009 and 2010 and was a finalist in 2012.

Enabling Technologies is a Microsoft Gold Partner focused on Office 365, Skype for Business/Lync, and Azure. Enabling is Microsoft's three-time UC Partner of the Year award winner. We integrate Skype, Office 365, SharePoint and Exchange into existing systems and optimize business outcomes. Our certified UC and cloud experts have over 1,100 deployments, where we've assessed, designed, deployed and operated on-premises or cloud communication and collaboration solutions. Enabling is uniquely qualified to seamlessly integrate Lync and Office 365 with existing telephony and video conferencing infrastructure. Enabling ensures our IT sponsors successfully maximize ROI with professional training, organizational change management programs, and custom-developed software solutions. Our real-time 7 x 24 monitoring and support services allow customers to rest easy knowing their systems are being cared for by the experts.
