### What is Istation?

Istation is an award-winning, comprehensive educational technology program that helps prekindergarten through 8th grade students achieve academic growth!

### How does Istation help?

Strengthening the school-to-home connection, Istation Home extends learning beyond the classroom with home access.

### How does Istation work?

Taken during school, Istation's computer-adaptive assessments place students on personalized instructional paths that continue at home.

### Why do kids love Istation?

The animated, game-like interface engages students so effectively that they don't even realize they're learning.
