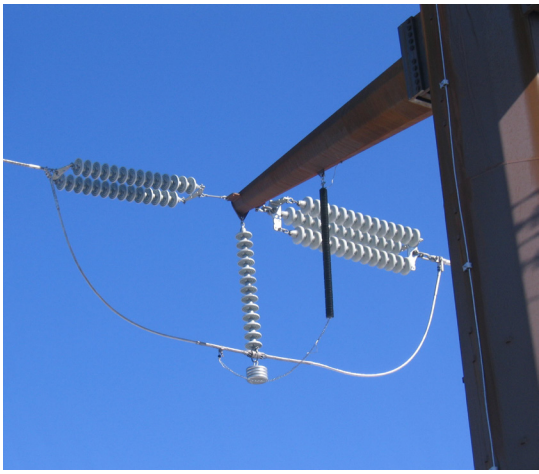
OHIO BRASS®

YOU'RE INVITED

TO TECHNICAL TRAINING ON OHIO BRASS® PRODUCTS



Want to learn more about improving your system reliability? Hubbell Power Systems is offering free webinars specifically designed for utility, standards and design engineers, consulting engineers and EPC engineers. Topics covered will address issues with design, construction, and operations of power systems. Individual sessions will relate to distribution, substation, and transmission lines.

MONTH	DATE/TIME	TOPIC
APRIL	April 11 @ 10am EST | April 20 @ 2pm EST	Arrester Field Testing
MAY	May 9 @ 10am EST | May 18 @ 2pm EST	Line Performance Improvement
JUNE	June 13 @ 10am EST | June 22 @ 2pm EST	Arrester Standard (IEEE)
JULY	July 11 @ 10am EST | July 20 @ 2pm EST	Insulator Basics
