I am proud to provide hope and healing as a charity runner for Team Red Cross. By **April**, I hope to reach my goal of raising **\$5,000**.

At 22 years old, I have taken on an enormous challenge to give back to our community. In addition to training, I am pursuing my Master's degree while working as an engineer for my hometown.

To join the list of donors, visit my fundraising link above. If you would like to send me a check, please make it out to the American Red Cross of Massachusetts.

Thank you for the unbelievable support!
