

# Forced to Flee

A simulation experience on decision making  
during conflict and forced migration.

**Wednesday, February 20th**

**St. Patrick's Parish Hall**

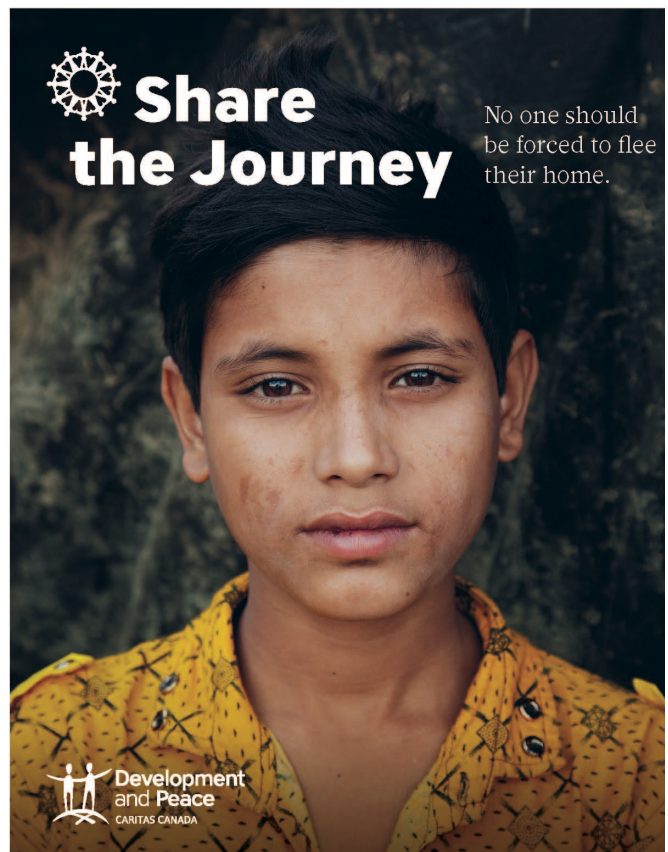

**2060 Haultain Street**

**10 am to 12 noon**

Today more people are displaced throughout the world than any time since World War II. The Forced to Flee simulation invites you to share their journey. In small groups, you'll "walk in the steps" of families forced to flee their homes after armed conflict strikes your community. Where will you go? What will you do?

Please register in advance.

Everyone is welcome,  
but spaces are limited.

For more information and to register by February 18th, please contact
