

## Norwegian Adventures AS

In 2003, Norwegian Adventures AS discovered that a VAT solution process needed to be put in place to meet the companies ever growing requirements. Foreign VAT needed to be reclaimed on invoices, but barriers such as VAT knowledge and language were affecting the success of this.

Over the past 13 years, Taxback International has used their in-depth and specialist knowledge to reduce the leakage of Foreign VAT within our company. Prior to working with Taxback International, Norwegian Adventures AS had no dedicated in house resources to reclaiming VAT. Recovering VAT from a number of countries globally can offer significant challenges, especially for a SMN.

Taxback International provides us with a tailored VAT reclaim solution that easily fits into our business needs, requiring little to no administrative time on our behalf. Taxback International has the expert knowledge in foreign tax laws, all the necessary language capabilities, outstanding account management and the required contacts in house. The hassle of dealing with numerous tax offices globally is removed.

We would highly recommend Taxback International to others looking for Foreign VAT Recovery solutions. "A hassle free service that maximises our Foreign VAT Recovery putting money back in the bottom line."
