VATConnect- 1Click

Taxback International and SAP Concur have developed a pre built integration app 'VATConnect - 1Click' that streamlines connectivity from Concur Expense to Taxback International's VATConnect platform in one simple step. This pre built integration eliminates the need to set up user accounts, assign permissions or send unsecured emails. *1Click* is all it takes to begin the transfer of SAP Concur's intelligent data to Taxback International's proprietary software and VAT experience. This saves times, drives smarter savings and insights into AP invoicing.

The Process

Locate Taxback International on the Concur App Center.

Authorise your expense data transfer from SAP Concur to Taxback International in *1Click*.

3 hours later receive a FREE report of your potential VAT refund on expense data.

Contact Taxback International to reclaim the VAT.

Innovation Partner

Taxback International have been SAP Concur's partner of choice for over 10 years. Combining Taxback International's leading technology with SAP Concur's seamless access to expense data, organisations can reap the benefits of VAT reclaim securely and in *1Click*.
