Execute a Scene by **tapping** any of the three icons.

QUICK START GUIDE

WELCOME TO YOUR DEAKO SMART LIGHTING SYSTEM!

Your Smart Device

Deako Bluetooth-to-WiFi Bridge

Deako Smart Switch

LET'S GET STARTED...

1. To Create Your Deako Account...

In your web browser, enter the unique Invite Link listed as goo.gl/xxxxxx (case sensitive) **on the bottom of your Bluetooth-to-WiFi Bridge**, or scan the Invite Link QR code. Follow the instructions to create a Deako Account.

2. Download the Deako Mobile App and Log-In to Your Deako Account

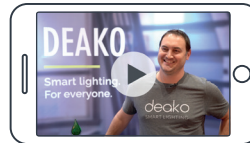

3. Follow the App Tutorial to Set Up the Bluetooth-To-WiFi Bridge

The Bluetooth-to-Wifi Bridge connects your Smart Switches to the Internet, improves your mobile app speed, keeps your firmware up to date, and enables 3rd party integrations like Google Home. **Place the Bridge near your WiFi router.**

4. Watch the "Deako Product Overview" Video at www.deako.com/tutorials*

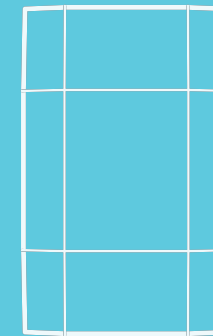

*Refer to this link for more tips and how-to's!

5. Once You've Completed the App Tutorial, You're Set! Try...
