

# Cloud Conveyor for Payroll

Lift and Simplify from SAP® ERP Payroll to Employee Central Payroll

- Automatically extract on-premise configuration
- Rapidly migrate configuration with limited re-implementation
- Reduce time, resource and cost by more than 50%
- Leverage your SAP investment while transforming with Cloud innovations
- Proven software assets for a more automated migration
- Applicable to many cloud migration strategies

# Cloud Conveyor

EPI-USE brings extensive experience with SAP ERP Payroll and Employee Central Payroll and developed a methodology, tools, and templates to accelerate your journey to the cloud. Cloud Conveyor is tailored to support your unique journey.

## EPI-USE Cloud Conveyor

### The business and IT challenge

Organizations are caught in the dilemma of wanting to move to the cloud to leverage the improved end-user experience, unlock the agility, scalability and simple landscape, while maximizing their current investments in SAP ERP Payroll on-premise solutions. Historically, this required a re-implementation, fully dedicated resources and a significant investment.

Today, EPI-USE Cloud Conveyor solves this dilemma by providing proven technology and assets in the hands of experienced Payroll experts to deliver a well-planned and accelerated transformation to Employee Central Payroll. The results are a significantly-reduced implementation time and cost and rapid return on investment.

### Why Cloud Conveyor?

- Extract on-premise configuration automatically using EPI-USE Configuration Extraction Product and templates
- Rapidly moves SAP ERP Payroll configuration to reduce re-implementation
- Automates payroll validation for trusted results
- Emphasizes focus on data validation, testing and quality
- Leverages proven proprietary software, templates and unmatched EPI-USE expertise
- Migrates complete payroll history to the cloud
- Automates completeness check for Employee Central Payroll system

## Rapid Acceleration to the Cloud

### Technical Specifications

Cloud Conveyor is delivered via the standard SAP transport mechanism.

### The Payroll Control Center Value Add

The SAP Payroll Control Center (PCC) is available with your move to Employee Central Payroll. As a leading SAP PCC partner, EPI-USE provides in-depth expertise to fully leverage PCC as an additional value add when migrating to the SAP SuccessFactors cloud platform.

Bundle EPI-USE's accelerated PCC solution with pre-configured validation rules, processing steps and KPIs as part of your migration with Cloud Conveyor to optimize data monitoring, reconciliation and streamline payroll processing. Errors are reduced, accuracy is improved as well as the auditability of the payroll.

### Introducing EPI-USE

EPI-USE is a global organization that provides state-of-the-art solutions and services to enhance, streamline and optimize your SAP®, SuccessFactors® and related software environment.
