

# Cloud Conveyor for Employee Central

Lift and Simplify from SAP® ERP HCM to SAP SuccessFactors

- Automatically extract on-premise configuration
- Rapidly migrate configuration with limited re-implementation
- Reduce time, resource and cost by more than 50%
- Leverage your SAP investment while transforming with Cloud innovations
- Proven software assets for a more automated migration
- Applicable to many cloud migration strategies

# Cloud Conveyor

EPI-USE brings extensive experience with SAP ERP HCM and SuccessFactors and developed a methodology, tools, and templates to accelerate your journey to the cloud. Cloud Conveyor is tailored to support your unique journey.

## EPI-USE Cloud Conveyor

### The Business and IT Challenge

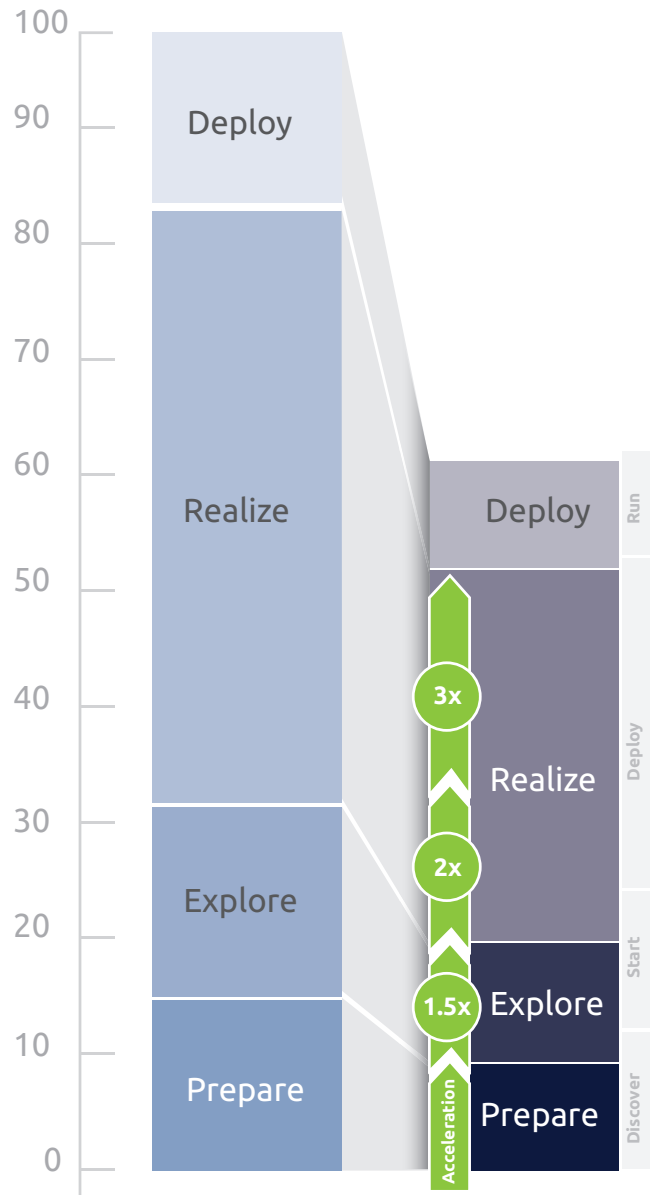

Organizations are caught in the dilemma of wanting to move to the cloud to leverage the improved end-user experience, unlock the agility, scalability and simple landscape, while maximizing their current investments in SAP ERP HCM on-premise solutions. Historically, this required a re-implementation, fully dedicated resources and a significant investment.

Today, EPI-USE Cloud Conveyor solves this dilemma by providing proven technology and assets in the hands of experienced HR experts to deliver a well-planned and accelerated transformation to Employee Central. The results are a significantly reduced implementation time and cost and rapid return on investment.

### Why Cloud Conveyor?

- Extract on-premise configuration automatically using EPI-USE Configuration Extraction Product and templates
- Rapidly moves SAP ERP HCM configuration to reduce re-implementation
- Emphasizes focus on data validation, testing and quality
- Leverages proven proprietary software, templates and unmatched EPI-USE expertise

## Rapid Acceleration to the Cloud

## Technical Specifications

Cloud Conveyor is delivered via the standard SAP transport mechanism.

## Introducing EPI-USE

EPI-USE is a global organization that provides state-of-the-art solutions and services to enhance, streamline and optimize your SAP®, SuccessFactors® and related software environment.
