

QuietCall  
QuietCall Coaster Pager  
and Charger

## QuietCall® Coaster Pager Healthcare Paging System

Use QuietCall healthcare pagers to notify patients with a flash or vibration when it's time to be seen. Patients are more assured when they feel they have transparency and control over their doctor wait.

The QuietCall digital coaster pager is stackable and a great space-saving solution. The charger fully charges up to 15 pagers in 2 hours. The pagers feature user-replaceable batteries for maximum uptime, saving you time and money.

Put your own healthcare label on this pager to promote your practice and services. Our digital healthcare coaster pager is one of our most popular-selling patient pagers for hospitals and doctor offices.

### Additional Features

The QuietCall Coaster Pager is extremely flexible and integrates with other paging systems.

#### UHF Technology

Up to 2-mile range with unique ID to prevent signal interference.

#### Hospital Tough

Built with high-quality materials for maximum durability and industry-leading performance.

#### User-Replaceable Batteries

Replace your own batteries to reduce downtime and cost.

#### Smart Alerts

Out-of-Range and Search feature ensures patient and family contact.

#### Flexible Integration

EMR (Electronic Medical Records) integration capability.

#### Optional Manager/Staff Pagers

Staff can choose between alpha text, numeric or rugged rechargeable pagers.
