Additional Features

The GuestCall CommPass Pager is extremely durable and features voice, flash, beep and vibrate alert options.

UHF Technology

Up to 2-mile range with a unique ID to prevent signal interference.

User-Replaceable Batteries

Replace your own batteries to reduce downtime and cost.

Flexible Integration

Third-party POS and KDS system integration capability.

Durable for High Volume Use

Built with high-quality materials for maximum durability and industry leading performance.

Smart Alerts

Out-of-Range and Search ensures guest contact and minimizes pager loss.

Optional Manager Pagers

Managers can choose between alpha text, numeric or rugged rechargeable pagers.

Onsite Pager Renumbering

Pager numbers are now digital and can be renumbered onsite.
