GuestCall IQ[®] Pager Guest Paging System

Our GuestCall IQ pager is a leap forward in paging technology that improves restaurant efficiency.

This sleek digital paddle pager frees customers to wander nearby while waiting for their table. You can also brand and promote services with the pager's customizable insert.

Save time and money as you will forever change the way you program, stock and reorder guest pagers. With the touch of a button, our revolutionary, patent-pending technology will automatically renumber all of your pagers at once.

Additional Features

The GuestCall IQ pager features an advertising space the size of a business card.

Durable for High Volume Use

Built with high-quality materials for maximum durability and industry-leading performance.

Fast Charging

Rechargeable to 100% from less than 20% within 4 hours.

Smart Alerts

Out-of-Range and Search ensures guest contact and minimizes pager loss.

Flexible Integration

Third-party POS and KDS system integration capability.

Optional Manager Pagers

For optimal operational efficiency add our alpha text, numeric or rugged rechargeable Manager pagers.
