

SmartCall IQ® Pager Healthcare Paging System

Our SmartCall IQ healthcare pager is a leap forward in paging technology that improves efficiency. Discreetly notify your patients instantly with a unique, 4-line alpha-numeric message, flash, beep or vibration. This high contrast blue and red LED paddle pager is accessibility-friendly so alerts can be easily be seen by those with low vision.

Easily stay in contact, speed patient turnover and increase patient satisfaction.

The charging station tower features automatic pager renumbering that will save you time and money. Forever change the way you program, stock and reorder patient pagers.

Additional Features

The SmartCall IQ paging system is a discreet way to communicate with your patients.

UHF Technology

Up to 2-mile range with unique ID to prevent signal interference.

Durability

Built with high-quality materials for maximum durability and industry leading performance.

Fast Charging

Rechargeable to 100% from less than 20% within 4 hours.

Smart Alerts

Out-of-Range and Search ensures patient contact and minimizes pager loss.

Flexible Integration

Third-party POS integration capability.

Optional Manager Pagers

Staff can choose between alpha text, numeric or Rugged rechargeable pagers.
