

THE VIRTUAL LEARNING LEADER PARTNER CHECKLIST

What to look for in your next virtual leadership development program

These factors drive lasting impact and ensure a rewarding collaboration between your business and your virtual learning partner:

SOLUTIONS BUILT FOR SUCCESS IN A VIRTUAL ENVIRONMENT

- Proven history of building and deploying virtual learning solutions
- Globally accessible virtual learning platform and deployment tools
- Course materials available in multiple languages
- Award-winning, immersive simulation experiences

METHODOLOGY THAT INSPIRES ENGAGEMENT

- Offers a variety of learning modalities
- Activities that target mental models to improve critical, systems, and creative thinking
- Development of both human and business skills
- Tailored curriculum that's relevant and realistic for your leaders

MEASURABLE PROGRAM IMPACT

- A robust analytics platform that tracks thinking and behavior over time
- Dashboards for individual participants, program facilitators, and business stakeholders
- Coaching moments that provide immediate feedback to participants
- Process for measuring "on-the-job" learning in leaders' daily workflow

EMPATHY-DRIVEN PARTNERSHIP AND PROGRAM DESIGN

- A design study or discovery phase built around neuroscience
- Simple and supportive deployment protocol
- Tools and templates that make it easy and cost-effective to update learning content
- A team that expresses personal investment in your success
