

# CLINICAL DATA YOUR WAY

**GET THE MOST OUT  
OF YOUR FSP PARTNERSHIP**

# CLINICAL DATA EXPERTISE CROs TRUST MOST

Clinical trial sponsors and CROs are always in a race against time, in a fight for lower costs, and on the search for quality. Meanwhile, data quality is under greater scrutiny than ever. To meet this demand – to get projects up and running quickly, accurately, and successfully – CROs need a strategic FSP partnership. They need Quartesian.

## QUARTESIAN QUICK HITS:

We've worked with **100+** pharmaceutical, biotechnology, and medical device companies

We support **400+** clinical trials over **2,000** sites across **20** countries

We enjoy **100%** repeat business and issue zero contentious change orders

We have over **35 RAVE** programmers at the ready

Since **2014** Quartesian has been a Medidata certified partner

## WHAT SETS US APART? TALENT. EXPERIENCE. SPEED.

We let you do what you do best – run successful trials and programs – while we provide the on-demand statistical programming (including SAS and RAVE) and data management services you need to reduce risk, stay on time and stay on budget. Whether you are a large CRO with more projects than resources or a mid-sized CRO looking to augment your service offering, Quartesian will deliver top-notch, low cost resources so you can win business and maintain margin.

Low cost, offshore data resources often mean a sacrifice in quality, increasing risk. **Only Quartesian has found the formula to provide quality with speed and cost efficiency.**

# THE QUARTESIAN DIFFERENCE

---

Sponsors and CROs are under increasing pressure to continually reduce clinical trial process costs while maintaining quality, timeliness and regulatory requirements. Quartesian is the FSP partner that delivers high-quality clinical data resources — including SAS and RAVE programming — at the most affordable rates.

---

## HERE'S HOW WE DO IT

### ▶ **DATA IS WHAT WE DO**

It's all we do. The caliber of our data specialists and the efficiency of our process allow us to offer reduced costs and expedited timelines without sacrificing data quality or accuracy.

### ▶ **RAMP-UP, RAMP-DOWN FLEXIBILITY**

With a Quartesian FSP partnership providing resources when you need them, CROs of every size can benefit from offshore rates without the overhead of building or maintaining offshore infrastructure.

### ▶ **CLINICAL RESEARCH DOMAIN KNOWLEDGE**

A deep understanding of study design and protocols supports speed and accuracy throughout our process. We understand the clinical side of things. With Quartesian, there's no learning curve.

### ▶ **CONTINUOUS PIPELINE OF THE BEST TALENT**

Our “it” factor is our reputation. It attracts the top talent and gives us the ability to recruit and retain only the best — from SAS programmers to RAVE specialists — across the globe.

# THE PERFECT PARTNER

---

When selecting an FSP partner, you want to be sure they know the ins and outs of your needs, and have access to the talent and technology to meet them. You need a partner that gives you the power to perfectly manage headcount and mitigate workforce ebbs and flows in order to meet the cyclical nature of your business. Quartesian does just that with:

- » A talent acquisition strategy that allows us to always have the right number of the right people ready to work
- » An extensive forms library that allows us to work faster and more affordably — frequently instituting more efficient process
- » A rigorous on boarding and continuous training program, including dozens of inhouse RAVE certified trainers, that keeps every resource up to date
- » A knowledge base that allows for quick and easy training in various technologies and standards

When you need a quick ramp up, a low cost but high quality data management option, a partner you feel safe with, you need Quartesian.

---

## A LONGSTANDING MEDIDATA PARTNERSHIP

Since beginning its partnership with Medidata in 2014, Quartesian has seen significant increase in the demand for these skillsets. Our ability to rapidly add additional experienced Medidata resources fills the requirements of high quality, cost efficient clinical data for many of our life science customers and CRO partners.

## WORK WITH THE BEST. WORK WITH QUARTESIAN.
