Course Description
The course will provide a structured approach to address different media systems. It will explore the dynamics of news, politics, conflicts and freedom of the press. Focusing on ongoing, international crises of global importance, we will examine how various international media report on topics including armed conflicts, human rights abuses. We will study the dynamics governing news media environment and structures. We will try to understand why different audiences from different cultural spheres perceive the same news in sometimes a diametrically opposed way. We will examine the rich arsenal of repression tools used by authoritarian and even democratic regimes to suppress press freedom or spin news to their advantage. We will look at the ways and means by which courageous journalists try to circumvent these obstacles.

Given the rapidly evolving nature of the subjects studied, this syllabus is subject to change as well.

Course Rationale
Security/Stability Vs. Freedom of Expression is the tension at the core of the relationship between governments and the media. This tension is heightened in time of conflict. Were the media and the whistleblowers who inform them, right to expose the truth about US engagement in Vietnam, Iraq, the NSA surveillance program? Weren’t they demoralizing the troops and helping the enemy? Weren’t they providing the public opinion with necessary information to judge and sanction the government actions to avoid bad policies and preserve the citizens’ freedoms? Are Authoritarian regimes entitled to clamp down on freedom of the press in the name of stability? What tools do they use to control the media? When do media cross the line and become propagator of hatred? How should the media deal with media savvy terrorist organizations? This course is about providing a conceptual framework to think through this type of questions.

Attendance, Participation & Student Responsibilities

**Attendance**: CAPA has a mandatory attendance policy. Attendance is taken at the beginning of every class. Unauthorized absence from class will result in a reduction of the final grade and potentially a failure for the course.

**Missing classes for medical reasons**: If you need to miss a class for medical reasons or for a family emergency, you must send an e-mail to let the Director of Academic Affairs (DAA) or Resident Director know at least one hour in advance of your class or meeting at the following e-mail: ____________. Note that calling the CAPA Center (___________) is acceptable only if you do not temporarily have access to the internet. An e-mail is still required as quickly as you can get access to the internet again. You will need to provide evidence of the reason for your absence. Unexcused absences will result in a grade reduction. In the event of a missed class or field trip, it is your responsibility to contact your instructor and make up any missed assignments.

**Class Participation**: Students are expected to participate actively and critically in class discussions, and the participation portion of the class will be graded accordingly. Students must read assignments BEFORE the class, and come in on time. Participation is a vital part of your grade: students are expected to participate orally in seminars and in online forums and discussions in a critical and evaluative manner; to interact with the faculty and fellow students with respect and tolerance; and to actively engage in discussion. Derogatory or inflammatory comments about the cultures, perspectives or attitudes of others in the class will not be tolerated.

**Academic Integrity**: A high level of responsibility and academic honesty is expected. Because the value of an academic course depends upon the absolute integrity of the work done by the student, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work and class behavior. Plagiarism and cheating will result in dismissal from the program. See the Handbook of CAPA Academic Policies for more information and resources on plagiarism.

**Use of electronic equipment in class**: All devices such as laptops, I-pods, I-pads, netbooks, notebooks and tablets, smartphones, cell phones, etc. are NOT allowed unless you have express permission from the faculty or you have been instructed to do so. If you require an accommodation to use any type of electronic equipment, inform the Director of Academic Affairs or the Resident Director at the beginning of Term.

**Use of Electronic Translators**: In Language courses students are NOT allowed to use electronic translators for writing texts in the target language: those submitting compositions and texts of whatever kind translated in such a fashion will receive a final F grade for the course.

**Late Submission**: Late submission of papers, projects, journal entries, pieces of homework and portfolios is only permitted with prior approval. A request must be made to the relevant Faculty member no later than two days prior to the due date. Late submission without prior approval will result in a full alpha grade penalty. In either case, work cannot be submitted after feedback has been provided to the rest of the class on the relevant assessment or one week after the due date whichever comes first, after which point a grade of F will be given for the assessment.

**Behavior during Examinations**: During examinations, you must do your own work. Unless specifically instructed by the lecturer or instructor, talking during an exam is not permitted, nor may you compare papers, copy from others, or collaborate in any way. Any failure to abide by examination rules will result in failure of the exam, and may lead to failure of the course and disciplinary action.
