Course Description
¡Bienvenidos to Spanish 2! This is the second course of the Spanish Language Program and it has been designed for students of Spanish as a Second Language. This course is intended for students who have been placed into Spanish 2. This course is taught entirely in Spanish.

Requirements and Prerequisites
Much of the responsibility for learning a language falls on you, the student. To derive the utmost benefit from this class, daily attendance is essential. We invite you to take advantage of the possibility of practicing the language in class. Attendance to each session is required. You are expected to come to class well prepared and ready to participate. This means to study the “temario del día” before each class and to hand in on time what is indicated in the section “para entregar” (third column of the calendar), in addition to any assignment that your instructor might require you to complete.

Learning Outcomes
1. Students who will enter Spanish 2 will have the ability to provide personal information and express immediate needs. In addition, they will be able to respond to simple direct questions and request information. During the course of the semester, they will learn how to produce short sentences using different tenses and moods to be able to widen the quantity and quality of information that they can provide about themselves. Students will build on their previously developed knowledge of cultures of the Spanish-speaking world and its people.

2. By the end of the semester, students in Spanish 2 will develop competence in the four skills (reading, writing, speaking, and listening) so that they can sustain concrete exchanges on predictable topics necessary for surviving in the target culture. In addition, they will be able to express personal meaning and discuss information related to self and family, daily activity, and immediate needs, but also personal preferences.

Developmental Outcomes
Students should demonstrate: responsibility & accountability, independence & interdependence, goal orientation, self-confidence, resilience, appreciation of differences.

Class methodology

Participation and classwork (10%):
This course requires active classroom participation as well as out-of-class preparation. Participation takes into account your willingness to participate in class, your cooperation and positive impact in your group and pair work, your respect and attitude toward your peers and instructor, your use of Spanish, and your ability to complete activities and tasks in class. To be successful, your instructor expects that you come to class prepared in order to be able to complete different types of learning activities. Note that your instructor may assign extra homework or give you unannounced short quizzes on the assigned material for the day to assess your preparation for class.
In order to reflect on your own participation in class, you will be asked to complete a Self-Evaluation Form for Class Participation (included in this syllabus). At the same time, your instructor will assign you a participation grade based on the criteria on the Self-Evaluation Form. He/she might add comments and suggestions on how to improve your participation in class. Remember that your active involvement is essential to your success this class. Simply coming to class is not enough.

**Online Homework (10%)**: Throughout the course, there will be on-line daily homework assigned by your instructor. Homework is a great opportunity to prepare for class and to reinforce the learning of the content studied in class. It also helps you to monitor your own progress in learning Spanish. There will be several homework grades, one for each chapter. The final due date for all the activities assigned in a chapter is in the calendar. Your instructor might ask you to do the activities before class as class preparation. Please note that the instructor may or may not accept late assignments. Your instructor will explain his/her specific expectations regarding homework. Doing the homework in the correct manner and on time does make a big difference in your grade.

**Speaking Tests (10%)**: There will be two speaking tests: an interview/role-play and an oral presentation.

1. **Speaking Test 1: Interview/role-play (5%)**: You will take the oral exam together with a partner and it will last around 5 minutes. The exams will be administered during regular class time on the dates noted in the calendar. Your instructor will assign a slot for you and your partner. Please be there at least ten minutes before your assigned time.

   During the exam, your instructor will first ask each of you a number of individual questions, and then he or she will ask you to complete a role-play situation with your partner. Each student will be graded individually according to the Grading Criteria to Evaluate Speaking Tests (included in this syllabus).

   You will not be allowed to use any books or notes during the exam. Please speak with your instructor before the day of the exam for further clarification, if needed. To prepare for the speaking test, you will be given in advance a list of possible interview questions and role-play situations.

2. **Speaking Test 2: Oral presentation (5%)**: In groups of three or four students, you will give an oral presentation in Spanish in class. The presentation will have an emphasis on a cultural topic. Your instructor will provide you with specific instructions regarding topics and possible formats for the presentation. The presentation must be given on the assigned day on the calendar and you will not be permitted to read. Each student will be graded individually according to the Grading Criteria to Evaluate Speaking Tests (included in this syllabus).

**Compositions (20%)**: You will write four (4) compositions of 100-125 words each. The topic of each composition will reflect the topics, the vocabulary and the grammar covered in this class. Your instructor will provide you with topics and specific requirements for each composition.

The first composition will be done in class. The other three will be home assignments. For each of those compositions you will write two drafts. In the first draft, your instructor will give comments and suggestion on how to improve the content and organization of your first draft. Your instructor will also point out grammar and vocabulary errors using Symbols to correct the first draft of the composition (included at the end of this syllabus). The second draft focuses on the process of rewriting and correcting the previous draft by following the feedback provided by your instructor in the first draft. If you don’t know how to proceed about a specific portion of the rewriting, instead of eliminating it, you should ask your instructor.

Refer to the section of Academic Integrity Policy on Cheating and Plagiarism when writing your compositions. Also note that students must not receive help from native or advanced Spanish speakers to edit your work, use online translators, download texts from Internet, or get assistance from tutors except from your instructor or instructors from the Writing Center. If you don’t comply with these rules, you will receive an F for the writing assignment in question.

The compositions must be typed in Times New Roman, double spaced, 12 pt. font; in addition, they must have typed accents (á, é, í, ó, ñ), and symbols (!, ¿, ?). As reference on how to type Spanish accents and symbols, you can use the document How to Type Spanish Accents and Symbols on your Keyboard (included at the end of this syllabus). All compositions must be submitted through turnitin.com, an anti-plagiarism website. The Class ID as well as the enrollment password to log into this website will be given to you in class. Your instructor may decide to grade your composition online or he/she may request that, in addition to submitting the composition to the website, you turn in a hard copy as well.

The first draft will be worth 70% of the grade assigned for the composition; revisions/improvements shown in the second draft are worth 30%. Compositions will be evaluated following the Grading Criteria to Evaluate Compositions (included at the end of this syllabus). No late compositions will be accepted without appropriate written documentation.
Chapter Exams (20%):
There will be four chapter tests during the course of this semester. Each exam will cover material from the textbook, the homework, class activities and discussions. Each exam will also include a reading portion, a listening portion, and a written composition of 100-125 words.

Midterm (10%):
The midterm exam is cumulative and it will evaluate the knowledge of the vocabulary and grammar covered during the first half of the semester (Chapters: 8, 9, 10, and 11). This exam will cover material from the textbook, the homework, class activities and discussions. It will also include a reading portion, a listening portion, and a written composition of 100-125 words.

Final exam (20%):
The final exam is cumulative and it will evaluate the knowledge of the vocabulary and grammar covered during the entire semester (Chapters: 8, 9, 10, 11, 12, 13, 14, and 15). This exam will cover material from the textbook, the homework, class activities and discussions. It will also include a reading portion, a listening portion, and a written composition of 100-125 words. The reading part of the final exam will be about the culture portion of the chapters. Make-ups will only be granted to students who have a direct conflict or who have more than two exams in a day (so Spanish is their third exam of the day). If you belong to one of these two categories and you wish to request a make-up, you must present to your instructor a copy of the people soft print out of your final exam schedule as proof of conflict. No make-ups will be granted without proof of conflict. Early departures or previous travel arrangements will not be accepted as valid cause to grant a make-up.

**Attendance, Participation & Student Responsibilities**

**Attendance:** CAPA has a mandatory attendance policy. Attendance is taken at the beginning of every class. Unauthorized absence from class will result in a reduction of the final grade and potentially a failure for the course.

**Missing classes for medical reasons:** If you need to miss a class for medical reasons or for a family emergency, you must send an e-mail to let the Director of Academic Affairs (DAA) or Resident Director know at least one hour in advance of your class or meeting at the following e-mail: ___________. Note that calling the CAPA Center (___________) is acceptable only if you do not temporarily have access to the internet. An e-mail is still required as quickly as you can get access to the internet again. You will need to provide evidence of the reason for your absence. Unexcused absences will result in a grade reduction. In the event of a missed class or field trip, it is your responsibility to contact your instructor and make up any missed assignments.

**Class Participation:** Students are expected to participate actively and critically in class discussions, and the participation portion of the class will be graded accordingly. Students must read assignments BEFORE the class, and come in on time. Participation is a vital part of your grade: students are expected to participate orally in seminars and in online forums and discussions in a critical and evaluative manner; to interact with the faculty and fellow students with respect and tolerance; and to actively engage in discussion. Derogatory or inflammatory comments about the cultures, perspectives or attitudes of others in the class will not be tolerated.

**Academic Integrity:** A high level of responsibility and academic honesty is expected. Because the value of an academic course depends upon the absolute integrity of the work done by the student, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work and class behavior. Plagiarism and cheating will result in dismissal from the program. See the Handbook of CAPA Academic Policies for more information and resources on plagiarism.

**Use of electronic equipment in class:** All devices such as laptops, I-pods, I-pads, netbooks, notebooks and tablets, smartphones, cell phones, etc. are NOT allowed unless you have express permission from the faculty or you have been instructed to do so. If you require an accommodation to use any type of electronic equipment, inform the Director of Academic Affairs or the Resident Director at the beginning of Term.

**Use of Electronic Translators:** In Language courses students are NOT allowed to use electronic translators for writing texts in the target language: those submitting compositions and texts of whatever kind translated in such a fashion will receive a final F grade for the course.

**Late Submission:** Late submission of papers, projects, journal entries, pieces of homework and portfolios is only permitted with prior approval. A request must be made to the relevant Faculty member no later than two days prior to the due date. Late submission without prior approval will result in a full alpha grade penalty. In either case, work cannot be submitted after feedback has been provided to the rest of the class on the relevant assessment or one week after the due date whichever comes first, after which point a grade of F will be given for the assessment.

**Behavior during Examinations:** During examinations, you must do your own work. Unless specifically instructed by the lecturer or instructor, talking during an exam is not permitted, nor may you compare papers, copy from others, or collaborate in any way. Any failure to abide by examination rules will result in failure of the exam, and may lead to failure of the course and disciplinary action.
