

FLOR ARTS 1106

Beginning Oil Painting

CAPA FLORENCE PROGRAM

Course Description

A studio art course at the beginning/intermediate level formulated to introduce students to the techniques of oil painting. The course will focus on the elements and principles of design, the application of materials, examine various techniques that are characteristic of this painting method. Studio work will be enriched by encounters with Florentine artists and environment.

Course Aims

The objective is to increase visual awareness and perception, discovering one's creative potential and ability to make visual statements, understanding and manipulating compositional elements while learning the basic techniques of this medium.

Requirements and Prerequisites

Beginning Oil Painting is open to anyone compelled to investigate this versatile painting technique. Fine Arts students of the CAPA Program of Florence are required to fulfil 42 hours of studio/class time, in addition to three hours that will be conducted outside the traditional studio setting. Homework in the form of out-of-class drawing assignments will be given on a weekly basis to be completed in a sketchbook with the objective to introduce a variety of visual concepts aimed at augmenting visual perception. A sketchbook is a necessary tool for an artist, recording visual planning and study and it's important to have it with you in class. Students may require additional time out of class to complete assignments and efforts will be made to accommodate them at the art school when necessary. Along with the weekly sketchbook assignments, students will be graded on exercises and class projects, including the individual painting that is to be accompanied by a short artist's statement in written form presented together on the final day of the term in a formal critique setting. "Talent" is not a prerequisite for this class, however students are reminded that "repetition is the mother of all studies", and must be willing to make a genuine effort, to be patient as well as persistent.

Special note: A The subjects and the course of study will be modified to meet student needs depending on the level of academic development/requirements of individual schools. If there are students with special learning disabilities please inform the instructor at the beginning of the term.

Learning Outcomes

- Sketchbook assignments: sketchbook assignments prior to midterm complete
- Exercises and projects: all exercises, studies and studio projects produced up to midterm, including color exercises, value exercises and studies, still life exercises and still life painting(s)
- the development of the concept for the final painting (due at the end of the term) will begin prior to midterm break in the form of several written ideas in sketchbook

The final review consists of a group critique followed by a one-on-one analysis with the instructor of the following work accomplished:

- Sketchbook assignments: all sketchbook assignments from 2nd half of term complete
- Bridge Painting: painting begun during the Visiting Artist Workshop must be completed

Attendance, Participation & Student Responsibilities

Refer to the *Academic Handbook* for a complete outline of all academic policies. This page contains a summary only.

Attendance

CAPA has a mandatory attendance policy. Students are also expected to participate actively and critically in class discussions, and the participation portion of the class will be graded accordingly. Students must read assignments BEFORE the class, and come in on time. Attendance is mandatory and is taken at the beginning of every class. Unauthorized absence from class will result in a reduction of the final grade and ultimately in a F for the course.

Unexcused absences

The instructor for the course may lower the student's participation grade based on the number of absences. For custom programs, some will follow our absence policy (like when CAPA sponsors visa) and some will not; see academic director for details.

Excused absences

Any student seeking to be excused from class on the ground of a verifiable illness (i.e. doctor's note) or a family emergency, must email the DAA (greverdito@capa.org) in advance of their class. The CAPA staff will then email the relevant Faculty member. Note that calling the CAPA Center (055-2466439) is acceptable only if you do not temporarily have access to the internet. An e-mail is still required as quickly as you can get access to the internet again. If a doctor's note is written to excuse a student from class, the student cannot use that time for personal travel. Please note: excused absences will NOT be granted to accommodate visiting friends or family. Students absent due to extenuating circumstances that have been approved by the Director of Academic Affairs in advance of the missed class, including family emergency or verifiable health-related incapacity, remain responsible for meeting all class requirements. Faculty shall offer such students reasonable assistance in making up missed work (e.g. share handouts).

Class Participation

Participation is a vital part of your grade: students are expected to participate orally in seminars and in online forums and discussions in a critical and evaluative manner; to interact with the faculty and fellow students with respect and tolerance; and to actively engage in discussion. Derogatory or inflammatory comments about the cultures, perspectives or attitudes of others in the class will not be tolerated.

Academic Integrity

The faculty expects from you, the student, a high level of responsibility and academic honesty. Because the value of an academic course depends upon the absolute integrity of the work done by the student, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work and class behavior. Plagiarism and cheating will result in dismissal from the program. See the Handbook of CAPA Academic Policies for more information and resources on plagiarism.

Use of electronic equipment in class

All devices such as laptops, I-pods, I-pads, netbooks, notebooks and tablets, smartphones, cell phones, etc. are **NOT** allowed unless you have express permission from the faculty or you have been instructed to do so. If you require an accommodation

to use any type of electronic equipment, inform the Director of Academic Affairs or the Resident Director at the beginning of Term.

Late Submission

Late submission of papers due, projects, journal entries, pieces of homework and portfolios is only permitted with prior approval. A request must be made to the relevant Faculty member no later than two days prior to the due date. Late submission without prior approval will result in a full alpha grade penalty. In either case, work cannot be submitted after feedback has been provided to the rest of the class on the relevant assessment or one week after the due date whichever comes first, after which point a grade of F will be given for the assessment.

Behavior during Examinations

During examinations, you must do your own work. Unless specifically instructed by the lecturer or instructor, talking during an exam is not permitted, nor may you compare papers, copy from others, or collaborate in any way. Any failure to abide by examination rules will result in failure of the exam, and may lead to failure of the course and disciplinary action
