FMC	Vice President of Finance	1997 – 2001
	Controller	1993 – 1997
	Assistant Controller	1991 – 1993

### **Accomplishments**

- Selected and implemented a new payroll system and conversion while at Eastside Preparatory School. Implemented a new purchasing and expense tracking system, as well as a mid-year accounting system conversion.
- Revamped the operations of all distribution centers at Pacific Mat and Commercial Flooring in order to increase efficiencies and work towards adding customer value to all processes involving distribution. This led to a 110% increase in profits while sales decreased by over 25%.
- At SK Food Group, researched and introduced new packaging technology, saving organization \$1.2M in labor cost and increasing machine speed capacity by 20%. Implemented controls that provided instant access to key performance metrics and hour-by-hour component usage, resulting in less than 0.10% in waste and lowest labor/unit cost within industry.
- Led all facets of selling-off unprofitable division of Fine Host Corporation, including finding company with higher than expected offer, presenting deal to Board for acceptance, drafting purchasing agreement, and finalizing sale.

### **Education and Certifications**

- Bachelor of Business Administration – Accounting, University of Washington
- Master of Business Administration – International Business, University of Phoenix
