Accomplishments

- As an independent consultant, successfully provided management, financial, and tax consulting services to a series of small business clients.
- At multiple companies, managed all accounting and finance functions, including accounting team hiring and supervision, A/P, A/R, cash, and payroll management, internal controls and audit management, budgets, and reporting. Also experienced in oversight of facilities, HR, and IT departments.
- At Archus Orthopedics, managed all cash-related functions, including cash burn, cash runway forecasting, and treasury oversight. Worked with the CEO to close a \$35M venture capital series C financing, and secured a \$7.5M venture debt loan.
- At ProCyte, managed all quarterly and annual SEC financial reporting, as well as federal and multi-state tax reporting. Served as the chief reporting accountant for the company's SEC filings for three years. Experienced in Sarbanes-Oxley reporting and compliance. Helped launch an e-commerce website, and developed a reliable sales and commission reporting process for the company's US sales force.
- At multiple companies, participated in M&A activity, including due diligence activities and support of planning and financial efforts involved in acquiring complementary businesses. Instrumental in planning for successful sales of both Pure Water and ProCyte.
- Experienced in both strategic and tactical business planning, including budgeting and tax planning. Led annual planning processes, leading to yearly operating budgets.

Licenses / Education

- Washington State CPA
- B.S. in Business Administration, Accounting emphasis
- Strong experience in Made 2 Manage, Platinum, MAS 90, Great Plains, QuickBooks, Equity Edge, and Sage FAS.
