

Advanced MST Supervisor Workshop

Striving for Therapist Rock Star Status:
Rigorous Processes for Building Therapist
Knowledge Base and Skill

Facilitators: **Kimberly Pascucci and Lori Moore**
Thursday-Friday, March 15-16, 2018 - Charleston, SC

\$350

Registration Fee

Workshop Objectives

At the end of this workshop, participants will be able to:

Effectively assess therapist clinical skill gaps (basic therapy skills and skills needed to implement the component parts of MST) using weekly case summaries, home visit observations, and recording reviews.

Identify and converge on assessment of skill gaps with clinicians in clinician development meeting.

Craft clinical skill development intermediary goals and interventions steps that are observable and measurable through the use of weekly case summaries, home visit observations, and recording reviews.

Effectively capture observable and measurable intermediary goals and intervention steps in a well-written clinician development plan.

Improve skills in utilizing case summary prep and group supervision feedback to address therapist skill gaps, including connecting clinician development goals to activities that occur in group supervision.

Learn how to be flexible in delivery of feedback and tailor it to therapist's immediate and long-term needs

Who should attend?

MST Supervisors who have been in the MST Supervisor position for six (6) months or more.

Training Site Information:

Hotel: Homewood Suites by Hilton - North Charleston/Airport
5048 International Blvd. - North Charleston, SC 29418
Tel: 843-735-5000

Room Rate: Mention MST Services to receive the reduced rate of \$155 (Sun-Sat)

(NOTE: This rate is available until two weeks prior to the training.)

If you anticipate attending, please make your hotel reservations by the deadline, then cancel if necessary. Hotel cancellation policy requires a notice of 48 hours.

Advance Preparation:

- 1) A completed assessment of a clinical skills table that we will send, for one therapist on the team for whom you would like support in improving clinical skills.
- 2) A session recording for the therapist that you selected.
- 3) One weekly case summary for that therapist and your case prep/notes for that weekly.
- 4) A laptop or tablet with ability to connect to Wi-Fi
