

# Become an MST Therapist!

Multisystemic Therapy (MST) is an evidence-based treatment model for troubled youth that has been proven to have long-lasting impacts on the lives of youth and their families.

As a therapist, you'll work with youth and their families in their home, school and community to implement the MST treatment model, guided by 9 treatment principles that have demonstrated consistent and long-lasting effects.

If you're looking for a rewarding career that will make a lasting impact on the lives of adolescents and their families, apply today to be an MST Therapist!

## Are you a Superhero?

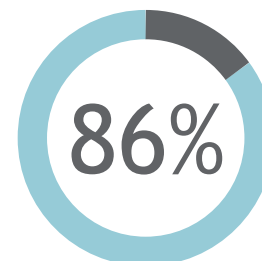

Join a small team of dedicated therapists who work in the community to address juvenile delinquent behaviors. As an MST therapist you will carry 5-6 cases at a time, working not only with youth but with their family and peers as well to achieve lasting outcomes. You will empower families to address problematic behavior, and will help youths make life-transforming changes.

### Requirements

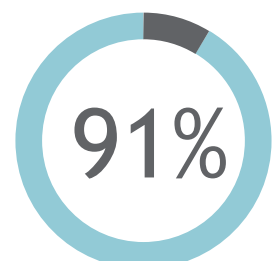

You should have a Masters degree in counseling, social work or a related field, or a bachelor's degree in related field with extensive experience treating antisocial behavior in youth. All applicants should be license eligible. MST is conducted in the youth's community, so therapists must be available throughout the day to travel to the youth's home and school for meetings and support with interventions.

Finally, you should be willing to do whatever it takes to make a difference in the life of a youth and their family!

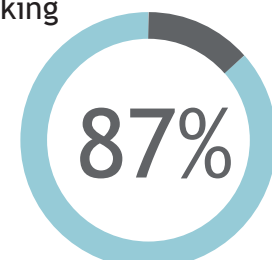

### MST: Proven Results.

In School or Working

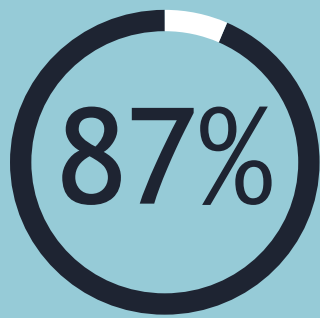

Living at Home

No Juvenile Arrests

# MST has a lasting impact on the lives of youth

of youth have  
no arrests  
after treatment

youth who receive MST have

54%  
fewer rearrests  
over 22 years

## Benefits of being an MST Therapist:

- Earn a competitive salary dependent upon degree level and licensure status
- Receive extensive training and support in learning and implementing the MST model, surrounded by a support network of supervisors and experts both within your agency and at the larger MST network level as well
- Work with passionate and dedicated therapists who, like yourself, are willing to do whatever it takes to make a difference in the life of a youth
- Embark on a career in which you can go to work every day knowing that you are making an impact - MST's results have been proven in over 60 studies!
