Company Overview

- Established in 1987
- Manufactures and distributes dispensing solutions, including:
 - EuroDrop® Caps and Droppers
 - Dropper Bottles
 - Dropper Pipettes
 - Adaptor Caps
- Trusted adviser to the Essential Oil, Cannabis, and Health & Wellness markets

***At Carow Packaging**
our world is dispensing solutions,
our culture is all about service,
our inventory is built around you,
and our customers are the reason we're here.*

EuroDrop®

An all-in-one drop dispensing solution

- Pair a vertical or horizontal insert with one of four cap styles to create a complete dispensing system
- An alternative to a standard eye dropper pipette
- Economical, safe, convenient and reliable
- Ideal for essential oils, tinctures, herbal extracts and aromatherapy products
- Carow caps and inserts NOW MADE IN THE USA 

Dropper Bottles

The perfect match for EuroDrop® Caps and Dropper inserts

- All glass and PET dropper bottles have an 18 DIN neck designed to fit EuroDrop closures
- Amber, cobalt, flint, green and violet color options
- Capacities starting at 5ml with many in stock
- Improve product integrity and enhance brand image

Dropper Pipettes

Dispense in a controlled fashion

- Wide user acceptance makes this a practical dispensing choice
- Huge selection of bulb and pipette materials, cap styles and deco options
- Low minimum order quantities
- Pair with Carow glass or rigid plastic bottles

Boston Round Bottles

The reliable, glass container for almost any liquid

- The rounded shoulder profile is recognized in the beauty, health and chemical markets
- Choose from light-sensitive amber, cobalt blue or clear flint at capacities options ranging from 0.5-32oz
- USA quality or economical Asian sourcing

Adaptor Caps

Fit any pump to any jar

- The versatility of the Adaptor Cap allows for unlimited choices of closure, size, shape and finish
- Add a pump from Carow's vast product line to complete the package
- Faster lead times than traditional jar pump options
- Ideal for retail, testers, salon and economy size

SnapPET

Create a custom package without the custom cost

- Designed to snap on to the neck of industry standard 28-PCO and 28-410 preforms
- Eliminate time and expense of custom tooling, bottle neck design and developmental trials
- Extend brand or product line by alternating 5 different caps on 1 shoulder profile
