amazon alexa

One App Controls The Whole Home!

Smart. Secure. And Simple.

The ClareHome App puts personalized control of your smart home at your fingertips. Know when a visitor is at your front door, or get the kids ready for bed with the touch of a button.

Using the ClareHome App makes it simple to stay secure and safe while at home or away.

Not at home? No problem. View live status of your smart home from anywhere.

Easily receive notifications if the status of something changes at home.

"Alexa... turn on Bedtime"
You can even use Amazon Alexa to control your favorite devices or scenes.

Download the free ClareHome App on the App Store and Google Play.

Clare Supports Hundreds of Smart Home Devices
