ROOMS: Name each HEOS player according to the room where it is located. Group rooms together to play the same song in party mode. Separate rooms to play a different song in each of them.

NOW PLAYING: Instantly control what is playing in every room, view cover art or check the queue for what is coming up next. Create and save playlists.

*Availability of music services may vary by region. Not all services may be available at time of purchase. Some services may be added or discontinued from time to time based on decisions of the music service providers or others. Visit www.HEOSbyDenon.com/music for announcements and details.

KEY FEATURES:

The HEOS 5 produces absolutely amazing sound from its stylish right-sized form factor. Enjoy streaming music from the cloud or local files using the intuitive HEOS app for iOS, Android™, and Kindle Fire™.

Its elegant lines house four Class D digital amplifiers and four precision drivers along with a passive radiator. Sound is optimized via a suite of precision DSP acoustical processing algorithms that originated in top recording studios.
