

ClareHome: Compatible Devices Product Bulletin

Last modified: 12/11/18

Introduction

This document is intended to help homeowners understand which ClareHome compatible devices can be added to the project directly by the homeowner and which devices can be installed by the homeowner and are auto-discovered by ClareHome.

Compatible devices

Clare Controls compatible access, CCTV, Climate, lighting, music, sensor, and water devices can be added using the Install Assist App. See the following for compatible devices.

Access

Access devices control entry to the home. Access devices include door locks and garage doors.
