

## Yale Automated Deadbolts

YRD110ZWXXX  
YRD120ZWXXX  
YRD220ZWXXX

The Yale fully motorized automated deadbolt provides increased home security and convenience and are available in keyed touchscreen, key free touchscreen, and key free push button versions.

- Add increased home security and convenience
- Fully automated with Z-Wave technology
- Personalized entry codes
- Illuminated touchscreen and keypad for night time access
- For use on all standard interior and exterior doors
- Tapered bolt accommodates misaligned doors
- Offered in deadbolt configuration, with satin nickel, bright brass, or oil-rubbed bronze finishes

Yale Real Living electronic locks open the door to a new level of security and convenience. Each lock is equipped with an illuminated keypad for easy daytime and nighttime entry. Yale locks fit on standard doors from 1 3/8 – 2 1/4 inches and install in minutes with just a screwdriver. All Yale Real Living deadbolts are ANSI/BHMA grade 2 certified. Yale Real Living touchscreen deadbolts are equipped with the allure of a true capacitive touchscreen. Simply wake the lock with a touch and enter your password to enter your home. All dead bolts come fully gasketed to protect the lock from weather conditions and to protect the door from receiving damage from the lock.

The Yale motorized deadbolt can be integrated with the ClareHome automation system. A goodnight command, for instance, could arm the security system, turn off the lights and lock the doors.
