As mentioned, you have the ability to filter based on date range so you can see just a specific time period. When looking at individual students you can see the following student metrics:

① Last Active Date
② Overall Time Spent
③ Overall Questions Answered
④ Overall Videos Watched
⑤ Time Spent (Last 7 Days)
⑥ Estimated Scores (if available)

1 If you click on the blue link "Review all ACT answers" or "Review all SAT answers" you will be taken to another report.

Mag✓✓sh   schools.magoosh.com | instructorhelp@magoosh.com

Once you click "Review all ACT answers" or "Review all SAT answers", a new report will open that gives you access to all of the questions a student has answered. You will be able to track their pace in comparison to other students and the date they worked on any specific question. At the top of the page you can filter and customize the data based on your needs. *This is the same review feature available to individual students to review their own work.

On your main dashboard, when you click the "Assignments" tab on the top of the page you will access the following:

1 You can create a new assignment by clicking on the "Create a New Assignment" button which will open the following box:

You can fill in the boxes and choose our pre-selected content for each section of the ACT or SAT test. We have selected this content to reduce instructor overhead and make it easier for you to assign lessons, quizzes and practice questions with a touch of a button! Just title your assignment, pick your class, set an optional due date and click "Assign" and your students will get a notification they have something due!

If you choose to use the Assignments feature, you can check on your class progress by clicking on the assignment. Here, you can see if students have watched the videos, taken the quiz and if they've answered any of the practice questions.
