

Crowne Slate™

IKO.COM

IKO CROWNE SLATE PREMIUM SHINGLES

Before the first lullaby; before training wheels, summer camps and the big job promotion; ahead of summer vacations and high school graduations — there was one thing that mattered most: safeguarding your family members by providing a roof over their heads.

Many of life's most memorable moments unfold under the UNCOMPROMISING PROTECTION of your roof.

Since 1951, IKO has been there for North American families just like yours, quietly enduring the elements to protect families, homes and everything dear — while providing the luxury of not having to worry.

Now that it's time to replace your roof, don't take it for granted. Keeping your family comfortable and safe is just as important now as ever. And it's important to choose roofing products that not only look great, but also can go the distance. At IKO, four generations of family-owned-and-operated experience go into every product we make. The result? **Beauty you can see. Quality you can feel. And performance you can trust. Because at IKO, it's not just roofing. It's roofing elevated.**

BEAUTY YOU CAN SEE

Your home truly is
your castle. Crown it
with the look of slate,
not the worry.

You've put great thought and care into
the choices you've made inside your home
– the high-end finishes, quality furnishings,
perfect paint colors. When it's time to
think outside the home, indulge in the
luxury of IKO Crowne Slate premium
laminated shingles.

Because nothing will elevate your home's
appearance like a new roof with the upscale,
sought-after look of genuine slate tiles. IKO
Crowne Slate shingles mimic real stone, from the
texture and subtle color gradations found in nature
to the sharp definition that creates the look of
individually square-cut, hand-hewn tiles.

Their generous 10" exposure and dimensional
thickness combine beautifully to create
an extremely high-definition, gracious
appearance. Best of all, you can enjoy
the sophistication of genuine slate
without its worries and expense.

Can't decide on a shingle color? IKO RoofViewer® to the rescue!

Our exclusive interactive shingle selector software tool lets you
mix'n'match our shingles based on home style, color of siding and other
accessories. Or upload a photo of your actual home. Download at **IKO.COM**
or get our free app at Google Play or iTunes. *See details on back cover.

QUALITY YOU CAN FEEL

You can tell at a touch that IKO Crowne Slate shingles have enduring qualities. We built them to last by laminating two shingles together. Then we coated the lower one ("shim") with oxidized asphalt and saturated the upper one ("lid" or "cap") with IKO's own modified asphalt. The result? A superior dimensional thickness designed to help create the stunning look of natural stone.

Try giving one a bend and you'll see how this shingle will remain flexible to resist warping and breakage, even in extreme cold. To top these shingles off, we embedded the surface with special colorfast granules that help protect against the damaging effects of UV radiation.

We take quality to a whole new dimension.

TOUGH TO THE CORE.

The strength of our shingles starts within thanks to our resilient fiberglass mat, coated top and bottom with weathering asphalt, then surfaced with colored granules.

AN EXCEPTIONAL BONDING EXPERIENCE.

Our shingles have IKO's Fastlock™ sealant along their bottom edge that helps prevent wind-driven rain from getting underneath them. When activated by the sun's heat, it gets extra tacky and creates an even stronger bond to help ensure maximum protection against wind uplift, blow-off and water penetration.

BUILT-IN ALGAE RESISTANCE.

We embed colorfast Algae Resistant granules into our shingles to help inhibit the growth of blue-green algae that can cause unattractive black stains, streaks and discoloration.

EXTRA COATING OF WEATHERING ASPHALT.

IKO's own modified asphalt provides exceptional flexibility to help resist the ravages of high wind, driving rain, snow, ice, and temperature extremes.

PERFORMANCE YOU CAN TRUST

Above all, IKO Crowne Slate is a brilliant performer.

We designed our premium shingles to be strong, tough and durable. To lie flat and stay put to protect your home against heavy winds, snow and relentless rain. That's performance you can count on. And the peace of mind your family deserves.

Weather life's storms in total confidence. IKO Crowne Slate has you covered.

THE IKO ADVANTAGE

²High Wind Application is required.
³All values shown are approximate. ⁴Products developed with reference to these Standards.

We've left no stone unturned in our quest for the ultimate look of natural slate.

We challenge you to look at a genuine slate tile roof (perhaps on an historic building) then compare it to a roof

shingled with IKO Crowne Slate. From the nuanced colors to the shape of the "tiles", the resemblance is uncanny.

IKO quarries, crushes, and colors its own stone. Then these colored granules are expertly mixed to create a color blend that's just right to make an impressive statement for any style of home.

Two stunning color blends to tempt you.

Each color blend is a visual symphony of individual color tones that emulate the natural variations of premium slate.

In concert with the extra-large exposure of these shingles, your roof will be "slated" to stir the senses like never before. The affordable price will be music to your ears too.

Color Featured: Regal Stone

Color Featured: Regal Stone

Color Featured: Regal Stone

Natural slate shows its
true colors in our blends.

While we usually think of slate as being grey, black or brown, Mother Nature has also produced it in hues that include varying shades of red, green and even cyan (blue).

We've followed her lead, to bring you truly unique and uncommon color blends.

REGAL STONE

*Classically elegant, charming, refined,
yet welcoming.*

PERFECT PAIRINGS: Stone, masonry, wood, brick, siding (especially white, beige or grey).

REGAL STONE

Look before you make the leap.

It's important to select a color blend for your roof the same way you'd select a paint color for a room in your home. Like a paint chip, an actual sample of our shingles

will help you decide when you see how the colors change their appearance according to varying degrees of light.

ROYAL GRANITE
Authentic, down-to-earth, unexpectedly dramatic.
PERFECT PAIRINGS: Stone, masonry, wood, brick, siding (especially cream, beige, brown or red).

ROYAL GRANITE

Color Featured: Royal Granite

Do you want your home to blend in or stand out? IKO Crowne Slate shingles will elevate the look of any style of home and potentially boost its resale value as well. Whether you want an impressive, dramatic roof or one that quietly complements your natural surroundings, you've just met your match.

PRO4

ROOFING COMPONENTS

BEAUTY. QUALITY. PERFORMANCE. From the outside in.

Shingles are your home's first line of defense, but they protect, perform and look their best when you choose **IKO PRO4 Roofing Accessories** to go with them.

Stunning beauty.
IKO ridge cap shingles protect the roof's vulnerable areas and create a breathtaking roofline too. Choose a color that co-ordinates with IKO Crowne Slate for the perfect finishing detail.

Underlying quality.
For total roof deck protection, use IKO RoofGard-Cool Grey™ or IKO Stormtite® synthetic underlayments. IKO GoldShield™, ArmourGard™ or StormShield™ Ice & Water protectors will help the eaves fend off water penetration that can be caused by ice dams or wind-driven rain.

Leading edge performance. Pre-cut IKO Leading Edge Plus™ starter strips save installers time because they're fast, easy and convenient to use. They keep the jobsite neater too.

Crowne Slate™

To ensure complete satisfaction, please view several full size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in brochures and in our app may not accurately reflect shingle color and do not fully represent the entire color blend range, nor the impact of sunlight.
