

Program Details

20/20 Decorá catalogs featuring Enkeboll products are available on the MBCI One Touch website (www.mbc1touch.com).

Items will be shipped loose for field attachment.

Product Characteristics

Natural characteristics of wood carved items are wider color range, irregularity of surface texture, and more noticeable variations in finish. It is imperative to understand the variations these characteristics entail and therefore will not be considered defective.

Ordering Process

To ensure the Enkeboll product ships with the cabinet order, include on the same order form. Orders not placed at the same time may not ship together.

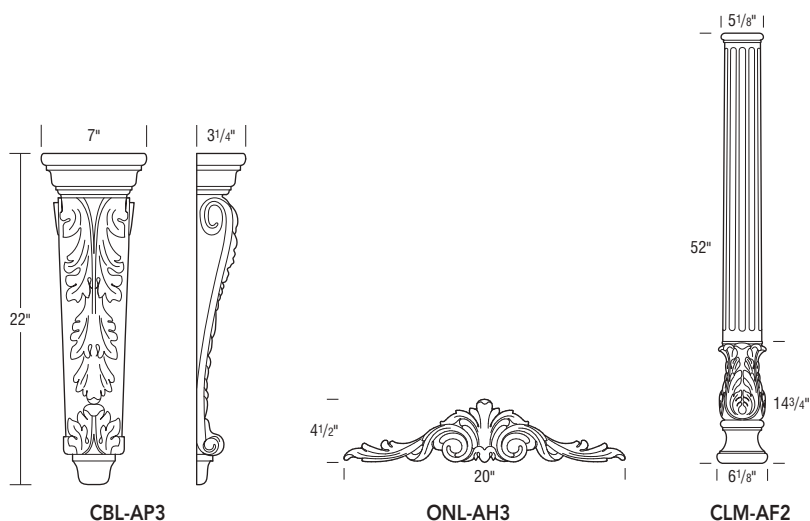

Express Response program is not available for orders including Enkeboll items.

Must specify wood specie finish and technique, if different than the rest of the order.

Since Enkeboll items are ordered on an "as required" basis, no changes or cancellations will be accepted after 24 hours from acknowledgement of order.

Enkeboll items will not be accepted and finished at Decorá unless purchased through Decorá.

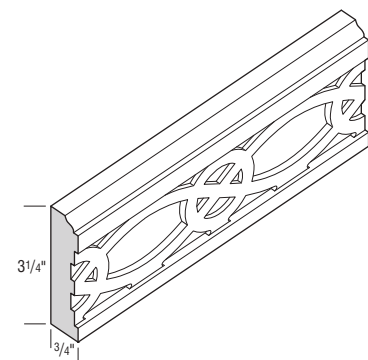

Use Enkeboll product codes when ordering. For example, when ordering an Onlay Acanthus Horizontal Extra Large, specify ONL-AH3.
