Horizon Decking in Ipe.
Horizon Railing in White (metal balusters available by special order).

A photograph of a wooden deck with a white railing and black balusters. In the foreground, there is a wicker chair with a red cushion. To the right, a potted plant with large green leaves sits on the deck. The background shows a brick wall and trees with autumn foliage.

THE MAGIC OF OUTDOOR LIVING

Coffee and the morning paper. A glass of wine at sunset. Birthdays, barbecues, and blanket forts shared with a friend.

It all happens on your deck—that magical outdoor space where the world slows down, family and friends catch up, and simple moments become treasured memories.

Whatever your dream for outdoor living, let us help make it a reality.

WHY FIBERON?

EXCEPTIONAL

Composite decking offers clear advantages over wood.

BEAUTIFUL FROM START TO FINISH

If you haven't seen today's composite decking, you're in for a treat. Fiberon capped composites capture the warmth and beauty of natural and exotic hardwoods, complete with subtle streaking, varied grain patterns, and rich color palettes. And since capped composite decking doesn't fade or degrade like wood, the look you love today will still be there tomorrow.

LONGER LIFESPAN, LOWER COST OF OWNERSHIP

The average pressure-treated deck can cost thousands per year to maintain and will need replacing before you know it. Fiberon composite decks average less than \$50 in annual maintenance costs. Plus, Fiberon offers 25-year stain and fade and performance warranties, so you can buy and build with confidence.

SAFE FOR YOUR FAMILY, SAFE FOR THE ENVIRONMENT

Fiberon composite decking contains recycled plastics and lumber mill scraps – enough to prevent 60,000 tons of waste from reaching landfills and incinerators each year. Unlike wood, our composites prevent further deforestation, plus they are free of toxic chemicals and manufactured using sustainable processes.

PRODUCTS, EXPERT ADVICE

Choose the company that is with you every step of the way.

HELPFUL, CREDIBLE EXPERTS

Whether it's finding the optimal board color, designing a deck layout, or providing tips on selecting a contractor, Fiberon is here to help. We offer straightforward information and honest advice so you can make the best decisions for your unique space.

TOOLS YOU WANT, THE WAY YOU WANT THEM

Intuitive and easy to use, our Outdoor Living Visualizer, Deck Design Tool, and Cost Calculator work on multiple devices, so you can dream, design, and plan anywhere, anytime.

LOCAL ROOTS, GLOBAL REACH

Fiberon products are made in the United States, both in our home state of North Carolina and in Idaho. From these two locations, we distribute throughout North America and to more than two dozen countries in Europe, Asia, Australia, and Central and South America.

Symmetry Decking in Warm Sienna.
Symmetry Railing in Tranquil White.

DECKING

RECLAIM YOUR WEEKENDS

Free time was meant for rest and relaxation, not sanders and deck stain. Fortunately, Fiberon decking is incredibly easy to maintain. No more Saturdays spent sanding or re-staining your deck or paying someone else to do it. Our patented PermaTech® cap layer protects against spills, stains, and UV rays, while the solid composite construction means no splintering, cracking, or rotting. Wood decking simply can't compare.

And that means you'll have more time for what truly matters: family, fun, and making memories in that special corner of the world you call home.

BEST

SYMMETRY DECKING | BEAUTIFULLY BALANCED

The natural wood beauty is undeniable; the advanced composite technology, unbeatable. Saturated colors with multi-tonal streaking deliver authentic appeal you simply can't find elsewhere. The exclusive PermaTech cap layer protects against fading and staining, while the durable composite core ensures exceptional resistance to rotting, cracking, insects, and decay. This is nature and science in perfect harmony. This is Symmetry®.

- Low-gloss formula and micro-texturing create a unique matte finish
- Multi-toned streaking echoes elegant hardwoods
- Subtle grain patterns feature no discernible repeats
- Durable composite core resists splintering, rotting, cracking, insects, and decay
- Four-sided PermaTech cap layer resists staining and fading
- Finished surface on top and bottom is ideal for second-story decks or easy replacement of damaged boards

CHOOSE YOUR COLOR

The earthy color palette was inspired by natural elements and pigments.

GET THE DETAILS

Square Edge = .935 in. x 5.4 in.
Length: 20 ft. (12 ft. and 16 ft. by special order)

Grooved Edge = .935 in. x 5.4 in.
Lengths: 12 ft., 16 ft., and 20 ft.

Fascia: .75 in. x 11.25 in. x 12 ft.

Riser board: .75 in. x 7.25 in. x 12 ft.

Matching fascia and riser colors: Burnt Umber, Cinnabar, Graphite, and Warm Sienna

FYI

Symmetry Decking features more random natural graining than other decking. There are no visible repeats or easy-to-discern patterns, which gives the boards a more natural, authentic wood look.

Symmetry Decking in Cinnabar.

BEST

HORIZON DECKING | DRAMATICALLY DIFFERENT

Bold and dramatic, Horizon® Decking delivers rich colors, elegant streaking, and distinct grain patterns. Four-sided capping ensures superior stain and fade resistance plus a polished appearance on top and bottom. Durable composite core resists splintering, cracking, rotting, insects, and decay. And all at a price that is comparable to others' non-reversible decking.

- Dramatic colors and streaking emulate exotic hardwoods
- Four-sided PermaTech cap layer resists staining and fading
- Reversible boards save time and money, reduce waste
- Priced comparably to others' non-reversible boards

CHOOSE YOUR COLOR

This collection is known for its distinctive, multi-tonal color palette.

GET THE DETAILS

Square Edge = .935 in. x 5.4 in.
Length: 20 ft. (12 ft. and 16 ft. by special order)

Grooved Edge = .935 in. x 5.4 in.
Lengths: 12 ft., 16 ft., and 20 ft.

Fascia: .75 in. x 11.25 in. x 12 ft.

Riser board: .75 in. x 7.25 in. x 12 ft.

Matching fascia and riser colors: Ipe, Rosewood*, Tudor Brown*, and Castle Gray

**Available by special order.*

FYI

If you have an open space beneath your deck, a reversible board like Horizon ensures a clean, finished look on the bottom as well as the top.

BEST

PARAMOUNT PVC DECKING | READY FOR ANYTHING

Able to withstand moisture, dents, and even flames, Paramount® Decking truly is ready for anything. Plus, it's slip resistant, easy to maintain, and approved for use in Wildland Urban Interface (WUI) zones. And so tough it carries a Limited Lifetime Warranty.

- Ideal for waterside applications (no organic content)
- Lightweight, easy-to-handle boards
- Resists moisture, dents, and flames
- Offers exceptional slip resistance when dry or wet
- Approved for use in Wildland Urban Interface (WUI) zones

CHOOSE YOUR COLOR

Brownstone

Sandstone

Flagstone

Mineral

Three multi-tonal colors and one solid color provide plenty of design options.

GET THE DETAILS

Square Edge = 1 in. x 5.5 in.
Length: 20 ft.

Grooved Edge = 1 in. x 5.5 in.
Lengths: 12 ft., 16 ft., and 20 ft.

Fascia: .50 in. x 11.25 in. x 12 ft.

Complementary fascia colors: Brown, Sand, and Mineral/Flagstone

FYI

Lightweight Paramount is wood-free, so there's no organic content to promote mold growth. It's an ideal choice for docks and other waterside applications.

Paramount PVC Decking
in Sandstone.
Horizon Railing in White.

PROTECT ADVANTAGE DECKING | ALL-AROUND PERFORMER

Style, durability, and easy maintenance —

ProTect Advantage® Decking has it all. Available in three gorgeous colors with multi-tonal streaking, these boards feature our exclusive PermaTech cap layer on three sides for exceptional resistance to staining and fading. Solid composite core resists splintering, cracking, rotting, insects, and decay. A 25-year warranty provides added peace of mind.

- Features PermaTech cap layer on three sides for stain and fade resistance
- Offers a look comparable to premium hardwoods
- Quality composite construction enhances durability, ensures longevity
- Great choice for lower-level decks
- ProTect Advantage FR is approved for use in Wildland Urban Interface (WUI) zones (available by special order)

CHOOSE YOUR COLOR

Chestnut

Gray Birch

Western Cedar *

Enjoy the look of premium hardwoods without the work.

GET THE DETAILS

Square Edge = .93 in. x 5.3 in.
Length: 20 ft.

Grooved Edge = .93 in. x 5.3 in.
Lengths: 12 ft., 16 ft., and 20 ft.

Fascia: .75 in. x 11.25 in. x 12 ft.

Riser board: .75 in. x 7.25 in. x 12 ft.

Matching fascia and riser colors: Chestnut, Gray Birch, and Western Cedar*

**Available by special order.*

FYI

Wildland Urban Interface (WUI) zone is the name given to land that sits between natural woodlands and developed areas.

GOOD LIFE DECKING | MORE FOR YOUR MONEY

Good Life Decking offers an unbeatable combination of price, performance, and looks. It's easy to maintain and features a three-sided, pre-finished surface that resists staining and fading. Solid composite construction ensures no splintering, cracking, or decay. Break away from the limitations of wood without breaking the bank.

- Smart option with price point closer to wood
- Capped on three sides with protective finish
- Durable and long lasting

CHOOSE YOUR COLOR

Cabin

Cottage

Colors resemble traditional painted or stained decking.

GET THE DETAILS

Square Edge = .93 in. x 5.25 in.
Length: 20 ft.

Grooved Edge = .93 in. x 5.25 in.
Lengths: 12 ft., 16 ft., and 20 ft.

Fascia: .75 in. x 11.25 in. x 12 ft.

Matching fascia colors: Cabin and Cottage

FYI

Good Life Decking gives you a like-wood appearance and popular color options, all at a price point that's closer to pressure-treated lumber. Why settle?

COLOR | MAKE A STATEMENT

Do you gravitate toward classic styles, crave globally-inspired designs, or prefer a more relaxed, coastal vibe? Just as you select furnishings to create a mood, your deck board color will also influence the look and feel of your outdoor space.

GRAYS

With undercurrents of blue or sandy beige, gray evokes thoughts of rocky shorelines and weathered wood. The perfect choice for coastal homes, gray boards add quiet sophistication to urban spaces as well.

A close-up photograph of a deck board in the Symmetry Graphite color. The board is a dark, charcoal gray with a subtle, fine-grained texture and a slight sheen.

Symmetry Graphite

A close-up photograph of a deck board in the Horizon Castle Gray color. The board is a medium-light gray with a more pronounced, linear wood grain texture.

Horizon Castle Gray

GOLDEN BROWNS

This category covers everything from golden tans to light brown. Warm and natural, these shades complement any architecture. No wonder it's the most popular color family for decking.

A close-up photograph of a deck board in the Symmetry Warm Sienna color. The board is a warm, medium brown with a smooth, linear wood grain texture.

Symmetry Warm Sienna

A close-up photograph of a deck board in the Horizon Ipe color. The board is a rich, medium brown with a prominent, wavy wood grain texture.

Horizon Ipe

CLASSIC BROWNS

From rich mid-tones to deepest brown, these colors add depth and drama to your space. The darker choices are especially well-suited to Craftsman-style or Mediterranean homes.

A close-up photograph of a deck board in the Symmetry Burnt Umber color. The board is a very dark, rich brown with a smooth, linear wood grain texture.

Symmetry Burnt Umber

A close-up photograph of a deck board in the Horizon Tudor Brown color. The board is a dark brown with a prominent, wavy wood grain texture.

RAILING

PUT DOWN YOUR PAINT BRUSH

What's more painful than a splinter from your old wood railing? Spending your weekend repainting that railing. With Fiberon composite railing, there's no sanding, scraping, or repainting. And definitely no splinters.

Drop the paint brush. Free time is calling.

BEST

SYMMETRY RAILING | STRONG IS STYLISH

From its understated satin finish to its clever sub-rail reinforcement, Symmetry Railing is the ideal balance of looks and strength. The sculpted top rail imparts a touch of sophistication. Three color choices and two baluster options create multiple design options. Best of all, the smart composite construction and protective bonded cap layer eliminate work and worries. Sit back and enjoy the view.

- Refined satin finish adds elegance
- Composite construction ensures lasting durability
- Reinforced top rail provides a strong, sturdy feel
- Hidden hardware gives a clean look
- Compatible with ADA handrail system, available via special order

CHOOSE YOUR COLOR

Tranquil White

Serene Black

Simply Brown

Top Rail = 2.95 in. x 2.95 in. Bottom Rail = 2.5 in. x 2 in.

GET THE DETAILS

Rails and infill

Sold in line/stair sections as follows:

- 6 ft. sections and 8 ft. sections for 36 in. rail height
- 6 ft. sections and 8 ft. sections for 42 in. rail height

These sections include top and bottom rails, balusters, crush blocks and holders, and mounting hardware.

Choose from beveled composite balusters or round metal balusters.

Post Caps, Sleeves, and Skirts

Post sleeve kit includes:

- Post sleeve: 5 in. x 5 in. x 39 in. or 45 in. lengths
- Post cap: 5 in. x 5 in.
- Post skirt: 5 in. x 5 in.

Also sold separately:

- Post sleeve: 5 in. x 5 in. x 39 in., 45 in., or 108 in. lengths
- Post cap: 5 in. x 5 in.
- Post skirt: 5 in. x 5 in.

HORIZON RAILING | ENGINEERED FOR ENJOYMENT

For a custom space and the free time to enjoy it, consider Horizon Railing.

The flat top rail provides a clean look, as well as a handy place to rest your drink. Available in goes-with-anything White, Horizon Railing adds timeless appeal to any architecture or design aesthetic. Solid composite construction prevents cracking, splintering, or decay, while the protective outer cap resists spills, stains, and UV rays. Your new railing will be safe, stylish, and so easy to maintain.

- Drink-friendly top rail is ideal for entertaining
- Clean lines and style complement any home
- Versatile dagger system enables faster baluster installation
- Compatible with ADA handrail system, available via special order

AVAILABLE IN WHITE

Top Rail = 3.75 in. x 2.5 in. Bottom Rail = 3.5 in. x 1.75 in.

GET THE DETAILS

Rails and infill

Sold in line or stair sections as follows:

- 6 ft. line section and 8 ft. line section for 36 in. rail height
- 8 ft. stair section for 42 in. rail height

Line sections include top and bottom rails, mounting hardware, adjustable crush blocks, baluster inserts, and square composite or black round metal* balusters.

Stair sections include top and bottom rails, mounting hardware, baluster inserts, and square composite balusters or black round metal* balusters.

Post Caps, Sleeves, and Skirts

Post sleeve kit includes:

- Post sleeve: 4 in. x 4 in. x 39 in. length
- Post cap: 4 in. x 4 in.
- Post skirt: 4 in. x 4 in.

Also available individually:

- Post sleeve: 4 in. x 4 in. x 48 in. length
- Post cap: 4 in. x 4 in.
- Post skirt: 4 in. x 4 in.

DECK FASTENERS

THE RIGHT HARDWARE FOR THE JOB

Small details make a big difference. Like fasteners. Whether undercover or on the surface, the right fastener keeps decking secure and creates a polished appearance that's a treat for your eyes as well as your toes.

FIBERON PHANTOM | HIDDEN FASTENERS

FIBERON PHANTOM UNIVERSAL HIDDEN FASTENER

The new Fiberon Phantom® Universal Hidden Deck Fastener is incredibly easy to install, helps minimize lateral board movement, and works with most leading grooved composite decking brands.

- Black HDPE fastener with pre-inserted screw practically disappears between deck boards
- Carbon steel-coated screw helps to prevent rust and corrosion
- Patented “teeth” help prevent lateral board movement
- Pre-inserted screw enables easy one-touch installation
- Self-gapping design ensures consistent 3/16 in. spacing between every board
- Outperforms leading plastic fastener per independent laboratory testing
- Screw removes easily to swap out a damaged board

FIBERON PHANTOM GT AND PHANTOM EC

Tried and true, Fiberon Phantom GT, Phantom EC, and Phantom 20EC fasteners ensure lasting hold in a traditional metal fastener design.

- Made from stainless steel with corrosion-resistant coating
- More “teeth” and sharper curves grip deck boards for a stronger hold to the joist
- Keyhole design properly orients and seats the screw for optimal installation
- Butt Joint Fasteners eliminate the need to double joist or use two fasteners at joints
- End Clip Fasteners eliminate surface fasteners on the beginning and end boards of the deck
- Phantom GT fasteners work with interior deck boards
- Phantom EC (End Clip) fasteners work with perimeter boards
- Phantom 20EC (End Clip) fasteners are designed specifically for use with Paramount PVC perimeter boards

HOW THEY WORK

Hidden clips ensure a smooth surface and more seamless transition from indoor to outdoor spaces.

For the Phantom universal fastener, the clip is installed into the groove. Then, a screw is driven straight down into the joist (90° angle).

For all other Phantom fasteners, the clip is installed into the groove and a screw is driven into the joist at an angle.

HOW TO PURCHASE

Phantom Universal Hidden Fasteners

- Use with interior boards
- Available in boxes of 90 (50 sq. ft. of coverage) for 16-in. on-center installations
- Also available in buckets of 900 (500 sq. ft. of coverage) for 16-in. on-center installations

Phantom GT Line Hidden Fasteners

- Use with interior boards
- Available in boxes of 90 (50 sq. ft. of coverage) for 16-in. on-center installations
- Also available in buckets of 900 (500 sq. ft. of coverage) for 16-in. on-center installations

Phantom EC (End Clip) Hidden Fasteners

- Use with perimeter boards
- Available in bags (25 lineal ft. of coverage) that include 25 clips, 40 screws, and a driver bit for 12 in. on-center installations

Phantom 20EC (End Clip) Hidden Fasteners

- Use with Paramount PVC Decking perimeter boards
- Available in bags (25 lineal ft. of coverage) that include 25 clips, 40 screws, and a driver bit for 12 in. on-center installations

Fiberon Ballistic Nailscrew Driver

- Use with Phantom Ballistic Nailscrew fasteners
- Kit includes driver, swivel hose fitting, belt hook, safety glasses, Allen wrench, and oil

Fiberon Phantom Ballistic Nailscrew Fasteners

- Use with Phantom Ballistic Nailscrew Driver to secure boards quickly
- Available in 900-count buckets (500 sq. ft. of coverage) for 16 in. on-center installations.
- Bucket includes 800 stainless steel line fasteners, 100 stainless steel butt joint fasteners, 950 Ballistic Nailscrews, and two driver bits.
- Compatible for use on ACQ-treated wood.

FIBERON CORTEX SCREWS

HIDDEN FACE FASTENERS

- Installed on the board's surface
- Use with square edge or grooved edge boards
- A color-matched plug made from Fiberon decking minimizes the appearance of hardware
- Pre-drilling is required at 40° or below. We strongly recommend pre-drilling in all instances
- May be used on stairs
- Not for use on fascia or risers, or with Good Life Decking

HOW THEY WORK

A special driving tip automatically puts the Cortex® screw at a precise depth. Then, the color-matched plug is tapped in with a hammer.

HOW TO PURCHASE

Cortex Hidden Face Fasteners

- Use to secure interior and perimeter boards as well as stairs
- Available in boxes for 12 in. on-center installations (100 l/f of coverage) or 16 in. on-center installations (140 l/f of coverage)
- Available in buckets (300 l/f of coverage) that contain 1,050 2-1/2 in. screws, 1,200 color-matched plugs, and six setting tools

Symmetry Decking in Warm Sienna and Burnt Umber.

Interior Boards	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	2.5 in. #8 - #10 stainless steel or composite screws
Perimeter Boards	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	Cortex screws or 2.5 in. #8 composite decking screws	2.5 in. #8 - #10 stainless steel or composite screws
Fascia	2.5 in. #8 - #10 stainless steel or composite screws	2.5 in. #8 - #10 stainless steel or composite screws	2.5 in. #8 - #10 stainless steel or composite screws	2.5 in. #8 - #10 stainless steel or composite screws	2.5 in. #8 - #10 stainless steel or composite screws
Risers	2.5 in. #8 - #10 stainless steel or composite screws	2.5 in. #8 - #10 stainless steel or composite screws	N/A	2.5 in. #8 - #10 stainless steel or composite screws	N/A

**Do not use Cortex screws with Good Life Decking. The scalloped bottom on Good Life boards does not provide sufficient material for the screw to "grab," meaning a less secure installation and a far greater risk of cracking due to pressure/vibrations over time. Instead, we recommend 2.5-inch #8 or #10 stainless steel or composite screws.

Fiberon Composite Cladding in Horizon Ipe.

A modern house with a mix of dark grey horizontal siding and light grey vertical panels. Large multi-paned windows reflect the sky and surrounding greenery. In the foreground, there is a wooden deck made of horizontal composite planks, with some green plants and a small tree. A semi-transparent dark box with a thin black border contains the text.

COMPOSITE CLADDING

FOR HIGH-PERFORMANCE RAIN SCREEN SYSTEMS

Beautiful, durable Fiberon composite cladding provides authentic wood looks without the wood maintenance. It's the ideal choice for rain screen applications.

FIBERON CLADDING | AN IDEAL ALTERNATIVE

A key element in an effective rain screen system is durable exterior cladding. Unlike typical cladding options, Fiberon composite cladding will not fade, crack, peel, or develop mold and mildew stains. Maintenance is minimal, which minimizes long-term costs of ownership, and water absorption is negligible. Plus, Fiberon cladding is available in a range of naturally beautiful wood tones that will complement any commercial or residential rain screen application.

- Contains 94% recycled content
- Thick, solid profiles feature embossed grain patterns
- Matte or smooth finishes offer subtle or dramatic multi-tonal streaking
- Boards work in vertical, horizontal, or diagonal applications
- Safe and easy to cut (no carcinogens released during cutting)
- Easy to install (no special tools or trade-specific labor needed)
