

HINGED INSWING PATIO DOORS

Frenchwood® hinged inswing doors are a good choice if they open to a small balcony, deck or patio, and are often used in colder climates where snow might build up outside the door. They are available in one-, two- and three-panel configurations.

DURABLE

- Virtually maintenance-free
- Sturdy fiberglass construction of door panels provides long-lasting performance*
- Frame exteriors are protected by aluminum to maintain an attractive appearance

ENERGY EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Weatherstripping is designed to seal out drafts, wind and water
- Variety of Low-E tempered glass options are available to help control heating and cooling costs in any climate
- Many 200 Series hinged patio doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

BEAUTIFUL

- Three exterior color options with a low-maintenance white interior
- Extensive hardware selection
- Add style with grilles, exterior trim or patterned glass
- Exterior trim available in 11 colors

HARDWARE FINISHES

*Hardware sold separately. **Available on FSB hardware only.

Distressed bronze and oil rubbed bronze are "living" finishes that will change with time and use. Bright brass and satin nickel finishes feature a 10-year limited warranty. Printing limitations prevent exact color and finish duplication. See your Andersen dealer for actual finish samples.
