

BEAUTIFUL
freedom

Beach House Shake™

BEAUTY that never grows old.

Tradition, in our mind, is what we do until something better comes along. That's why we want to introduce you to Beach House Shake. It's where the beauty of nature meets the ingenuity of science, and the end result is a new tradition—one without compromise.

FEATURED COLOR
HATTERAS

HATTERAS

Hatteras captures the deep, rich gray of the grand, cedar-clad beachfront escapes in Cape Hatteras, North Carolina—but with an important difference. Beaten by hurricane-strength storms and baked by ocean-reflected sun, naturally-aged cedar shakes on North Carolina’s Outer Banks never age consistently, even on a single wall. Beach House Shake captures a perfect moment in time and lets you experience it forever.

FEATURED COLOR
PACIFICA

PACIFICA

Fresh western red cedar has the call of the wild—a rich russet glow reminiscent of majestic Pacific forests. A perfect complement to the relaxed, nature-inspired architecture of Craftsman-style homes, Pacifica offers all the beauty of newly installed western red cedar, with the promise of a look that will never grow old.

FEATURED COLOR
SANDCASTLE

SANDCASTLE

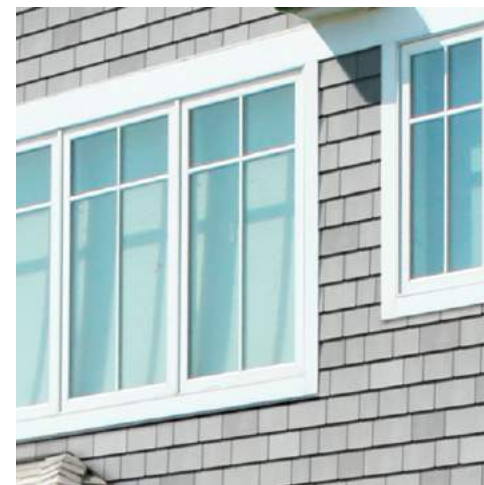

Designed to replicate freshly cut eastern white cedar, Sandcastle is the perfect color for the discerning homeowner who prefers the look of new cedar. With Beach House Shake, your beautiful, blonde shakes will always look the same as the day they were installed, with no interruption to your lifestyle for ongoing maintenance.

FEATURED COLOR
ATLANTICA

ATLANTICA

Welcome to the New England coast. Atlantica, Beach House Shake's newest color, was carefully crafted to match the silvery gray of the homes and cottages that grace the more northerly stretches of the Atlantic coast. The color is sophisticated and subdued, equally at home cladding a beachfront retreat, a historical Cape Cod or a more modern design. Best of all, its looks won't fade.
