The No Leak Skylight™

VELUX Skylights

Deck-Mounted

Bringing light to life™

Bringing light to life

Why Skylights

Daylight is powerful. It redesigns the look and feel of our home every hour of the day. It balances our circadian rhythm, improves our general health and well-being, decreases our dependency on electricity, and gives functionality back to our space. We often ask, "Why skylights," but with endless reasons why you should install a skylight, the question becomes more, "Why not skylights?"

Why VELUX

For over 75 years, VELUX has pioneered the roof window and skylight market. Our focus has always been on creating the best quality, most energy efficient daylight products available. Take advantage of our experience and reimagine your home in daylight with VELUX skylights.

A Must-Have for Your Home

Homes that are warm, inviting, and full of light are homes full of life. Before browsing paint colors, ordering fabric swatches, or thumbing through catalogs for inspiration, look up. The most unnoticed yet impactful wall in every room can be your next design space. Change more than just your wall color, transform the look and feel of your entire home with skylights.

Solar Powered "Fresh Air" Skylight VSS Model

When you pair natural light with fresh air, you open your home to a world of crisper, clean air and brighter days. The VELUX Solar Powered "Fresh Air" Skylight uses the power of the sun to refresh your home and open it to fresher air with the touch of a button.

- With a 30% federal solar tax credit, you can receive an average of \$850* in federal tax savings.
- The skylight features a solar panel that captures available daylight to recharge a battery-powered operator and control system.
- Fitted with a rain sensor, your skylight will automatically close at the first signs of rain.
- Compatible with VELUX ACTIVE: your home's climate control and monitoring system. *See page 11*
- Clean, Quiet, and Safe glass is standard on all VSS models. *See page 13*

Electric "Fresh Air" Skylight VSE Model

As the ideal daylighting solution for your home, electric "Fresh Air" skylights bring in abundant natural light and with the touch of a button, open to let fresh air in too. Your home can be brighter and feel more fresh with the combined power of light and air from your skylight.

- A pre-installed concealed motor and control system allows you to enjoy the one-touch convenience of a remote control.
- Integrated rain sensor on the skylight will automatically close your unit in case of inclement weather.
- Compatible with VELUX ACTIVE: your home's climate control and monitoring system. *See page 11*
- Clean, Quiet, and Safe glass standard on all VSE models. *See page 13*

3 Layers of Protection

The No Leak Skylight

The No Leak Skylight
No Leak Promise
No Worries

Layers of Water Protection

At VELUX, we've developed three layers of water protection to safeguard your house against damaging leaks. Our No Leak Skylight carries a 10-year installation warranty plus 20 years on glass, 10 years on product, and 5 years on blinds and controls.

- 1 Pre-attached Seal**
Pre-attached deck seal provides a tight seal for leak-proof installation.
- 2 Adhesive Underlayment**
Adhesive underlayment for secondary water protection against the harshest weather conditions.
- 3 Engineered Flashing**
Engineered flashing for easy installation and primary water protection.

Safest Glass to Live Under

Clean, Quiet & Safe

When selecting a VELUX Deck Mounted Skylight, you have the option of our most-recommended, top-rated glass: Clean, Quiet & Safe. Named for its three biggest benefits, this glass comes with state-of-the-art, energy-conserving LowE glass, designed to keep your home warmer in the winter and cooler in the summer.

Clean: Skylights stay cleaner longer with Neat® glass coating.

Quiet: Reduces unwanted outside noise by up to 25% compared to a standard double pane glass and up to 50% compared to a plastic skylight.

Safe: Unlike tempered, this glass does not shatter into pieces when cracked, a building code requirement for all out-of-reach applications.

Standard on: VSS, VSE

Available on: VS, FS

Tempered Glass

If your skylight is within reach, our tempered glass is dual-paned, triple-coated with LowE3, dual-sealed and injected with argon gas. This provides excellent energy efficiency and thermal performance for year-round comfort.

Complete Light Control

Factory Installed Blinds

Finish the look of your space by pairing blinds to your VELUX Deck Mounted Skylights. VELUX offers a wide selection of factory-installed, blinds that range from completely darkening an entire room to softly diffusing incoming light, giving you ultimate light control.
