Sun Tunnel Skylights

Bringing light to life™

Bright, Natural Light.

Why Skylights?

Brighten your home while continuously redesigning the look and feel of it every minute of the day with natural light. Sunlight is a powerful tool that revitalizes living spaces, boosts our mood, and improves our health and well-being. With all the benefits and reasons to live in daylight, why not add more natural light to your home with skylights?

The VELUX Sun Tunnel Skylight

Every room in your home deserves to be filled with natural light—even those in the center of your home. Unlike traditional windows and skylights, the VELUX Sun Tunnel Skylight can be installed within an afternoon and at a fraction of the cost. The sun tunnel's highly reflective and cylinder shape fits between the beams of your ceilings, allowing light to travel from your roof down to the space below uninhibited.

30 FOR 30
Spend \$30 on Solar Night Light. Save 30% with federal tax credit.*

Ambient Light

Daylight enters through a highly reflective tunnel, transmitting pure, natural light below.

Versatility

Sun tunnels can be placed anywhere letting you customize your home's perfect lighting.

Privacy

Your sun tunnel looks up, protecting your home's privacy down below.

Quick Installation

Sun tunnels are the fastest skylights to be installed and the least invasive.

Unique Design

Add the finishing touches by pairing your sun tunnel with the perfect diffuser.

*Must be purchased with sun tunnel to receive federal tax credit.
**Federal tax credit based off total product and installation cost.

Meet your Sun Tunnel.

Transform Your Home in an Afternoon

Bring daylight to every corner of your home while increasing your energy efficiency with the VELUX Sun Tunnel Skylight.

1
Clear UV Resistant Dome
Captures the most light possible with a clear dome

2
Pitch Adaptor
Pivots the tunnel towards the sun and allows for easier installation

3
Metal Flashing
Provides maximum light capturing while guaranteeing no water penetration

4
Reflective Tunnel
Offers quick and easy installation of reflective tunnel sections using Flexi Loc™ tunnel system

5
Adjustable Elbow (Rigid Tunnels)
Rotates 45°. Elbows are 12" long.

6
Ceiling Ring
Diffuses light into the space using an energy efficient frosted dual diffuser system. Diffuser options can be customized to meet décor and style.

Free Light. Day or Night.

VELUX Sun Tunnel Solar Night Light

When the sun goes down, let a moon-like glow light your way. Designed to fit inside your VELUX Sun Tunnel Skylight, the VELUX Solar Night Light provides your space with a soft, soothing light from above when natural light isn't available

30% Solar Federal Tax Credit

You are eligible to receive a 30% federal tax credit on your entire VELUX Sun Tunnel Skylight product and installation when paired with the VELUX Solar Night Light.

Stay in the light
Have the light you need at night with the soft glow from the solar night light.

Energy Efficiency
The VELUX Solar Night Light captures available sunlight to charge its concealed battery and power the night light's LED bulbs.

Discreet Illumination
Fits inside your sun tunnel for a discreet appearance.

Solar Battery
The solar night light collects available sunlight, even on cloudy days, to charge its solar-powered battery.

Big Savings
Pair a solar night light to your sun tunnel to receive a 30% federal tax credit on entire product and installation.

VELUX Sun Tunnel Skylights

The Perfect Sun Tunnel for You

VELUX provides a wide range of tubular skylight accessories so you can customize your sun tunnel to be precisely what you need.

Flashing Options

VELUX offers multiple flashing options, so your Sun Tunnel Skylight transfers as much light as possible while remaining leak-free.

Low-Profile Metal
Available in 10", 14", 22"
(select models)
TGR, TGF (flex tube)

- Best for south, west, and east-facing roofs
- Parallel design to blend with roofline

Pitched Metal
Available in 10", 14"
(select models)
TMR, TMF (flex tube)

- Consistent light distribution throughout the day
- Provides straighter tunnel run through most roof pitches

Curb Metal
Available in 14"
TCR

- One-piece metal, curb-mounted flashing
- Ideal for low roof slopes and tile roofs

Low-Profile Flat Glass
Available in 14"
TLR

- Low profile glass design for a sleek appearance
- Perfect where local ordinances prohibit acrylic domes on roofs

Tunnel Options

Rigid Sun Tunnels

- Designed as a highly reflective tunnel, the rigid tunnel lets in the most light.
- Enables longer runs
- Excellent for areas with less sunlight
- Easy assembly of tunnel with Flexi Loc™ system

Flexible Sun Tunnels

- The flexible sun tunnel is movable and able to bend around tight, obstructed spaces
- Fast and easy installation
- Softens and provides additional light diffusion
- Excellent for sunny areas and short runs

Accessory Options

Rigid Tunnel (ZTR)
24" highly reflective tunnel selections provide highest quality daylight to the spaces below. Available in bulk quantities.

VELUX ZTL Electric Light Kit (ZTL)
UL-approved tubular light fixture that uses an energy-efficient GU24 bulb base compatible with fluorescent or LED bulbs. Available for all models.

Diffusion Enhancer (ZTZ 209)
A highly reflective, obscure 6" band designed to diffuse direct sunlight.

Daylight Controller (ZTP) Power Supply (ZZZ 233)
Control the amount of daylight that enters a room. Perfect for rooms that require darkening.

Energy Kit (ZTC)
An upper prismatic tunnel cap and clear lower tunnel cap to increase the energy efficiency of your daylighting system. Provides multiple layers of protection and enhances the quality of light diffusion.
